'Jail Boulder Dam Bill Till It Dies' Is Aim, Says Will

(Special To The News)

BEVERLY HILLS, Cal. May 22.—Wasn't this your idea of what the original founders meant congress and the senate to be:

"When a bill is introduced, let it be voted on, and either approved or rejected by a majority."

It was never meant that by practical maneuvering any bill could be prevented from being voted on.

Yet, that's the standing of Boulder Dam in the senate. In other words, you don't find out if the prisoner is innocent or guilty, you just keep him in jail till he dies.

Yours,

WILL.

PA NEWC OBSERVES

Although Fourth of July is still several weeks distant, some boys are already using noise makers that are limited to use on the Fourth. The law is being violated by persons who are selling explosives, caps, etc., at this time, and the law is being violated by those who are using them. Fourth of July celebration is limited to one day. Police plan action to restrict the observance of the Fourth to the one day designated, and merchants and celebrators should be warned.

There is a hole in the paving at the intersection of Grant and Highland avenues, right at the turn, that needs some attention. Somebody will figure in a serious accident, if their auto hits that hole on just the right angle. There is another hole in the paving on North Mercer street, near Grant, that needs attention, too.

Record in The News on Monday of the capture of an eagle near Portersville, is one that is unique. It has been many years since an eagle has been sighted in this vicinity, and how one got in the locality, is a puzzle to sportsmen.

New Castle continues to be selected as the convention city. In addition to the Business and Professional Women's state convention being announced for New Castle next year, word comes from Martins Ferry, O., that the Eastern Ohio and Western Pennsylvania Association of Welsh Congregational churches has selected New Castle for the 1929 convention.

Pa Newc gets a note this morning: The old box used as a news stand in front of the Y. W. C. A. does not beautify the centre of the city, and we think it would look better to have a change made. (The News has nothing to do with this stand.)

The golf bug is biting; has been biting for the past two weeks. Every afternoon one can see a line of cars going out the Wilmington road, filled with men with smiling faces. But if one cares to watch long enough, he can see the same cars come back in the evening, filled with the same men, who, instad of smiling, are seriously explaining how they missed that put on number three.

The sixth floor of The Castleton is variously known among those at the hotel, but by most it is called Bachelors' Hall, because all those who live there as permanent guests are, strangely enough, bachelors.

The young people of New Castle, and some of them who are slightly older, have a penchant these spring evenings to play tennis. But to do this they have to travel far, and most of the time their search is in vain. For there are very few courts in the city. Pa Newc wonders if some plan could not be arranged whereby municipal tennis courts could be developed in connection with city parks.

Yesterday Pa Newc sang a paen to the dandelion, but today he feels differently about it. For last evening he saw two youngsters, equipped with knives and squatting on lawns, digging them out by the roots. Now dandelions might be all right in their place, which is far, far away, but young householders believe that there is no place at all for the dandelion.

Today inaugurates the campaign for membership in the New Castle Civic Music association. It is destined to take the place of the old Educational Arts society as the impressario for New Castle's concerts. To be a

HAMBURG, Germany, May 22.—Comparative tranquility had settled down over Hamburg today after the involuntary poison gas attack which gave a taste of possible future warfare when fleets of military planes may spread deadly gas waves over enemy cities.

There are 250 persons in hospitals in addition to the 11 who were killed by the explosion of a phosgene gas tank. The death list may eventually reach nearly a score, as some of the victims are in perilous condition.

Proposals Made By Tso-Lin To Japan Refused

Chang Tso-Lin, Northern Chinese Ward Lord, Fails In Pact With Japanese

JAPAN PLANNING FOR PROTECTION

Reports Indicate That Southern Chinese Armies May Be Checked In Drive On Peking

(International News Service)

LONDON, May 22.—Chang Tso-Lin, the northern Chinese war lord, has unofficially approached the Japanese government with a proposal in which he intimated he would withdraw his troops to Mukden, the capital of Manchuria, if the Japanese would hold back his Nationalist foes in the drive toward Peking, an exchange telegraph dispatch from Tokio stated today.

The Japanese government refused to accept Chang's proposal, the dispatch added. The Japanese, it is reported, fear that a disorganized retreat of the northern armies in Manchuria might result in a repetition of the Tsinan incident.

There are many Japanese in Manchuria and Japan is determined to see that none of its citizens are endangered. It is reported that all available Japanese troops in Manchuria are being concentrated at Mukden.

May Check Drive.

If fighting between the Nationalists and Northerners spreads northward to Manchuria, Japanese troops are ready to take strenuous measures to prevent looting. Troops will be dispatched to strategic points at the first outburst.

Meanwhile, according to reports from Peking emanating from Chang Tso-Lin's headquarters, there are indications that the southern drive upon Peking may be checked. Chang announced that his troops had recaptured Tingchow and had repulsed a Nationalist attack upon Hokien.

Although the United States does not wish to interfere in any way with Chinese affairs, both Chinese factions have been notified by John Van A. MacMurray, that American troops will be held in readiness to protect American citizens, if any should be endangered by the expected hostilities.

GREAT SHRINE HOST HERE JUNE 14

Five Thousand Shriners Will Attend Event

Afternoon Parade On June 14 To Be Most Notable Procession

POTENTATE WILL COME IN PLANE

Seven Railroad Cars To Be Used To Bring Syria Equipment To New Castle

At a large and enthusiastic meeting of the members of the Lawrence Shrine Caravan, No. 5, held last night at the Scottish Rite Cathedral, plans for the great ceremonial to be held here on June 14, in which some four or five thousand Shriners will take part were discussed.

One of the big events of the day will be the banquet on the evening of June 14. C. Ed. Brown and his Consistory chef, assisted by Syria's expert commissary man, J. Harry Dimling, will have some task to arrange for the list of guests expected. Dinner will be served from five o'clock on. Everything needed for this big banquet will be purchased in New Castle.

Parade Feature

Another feature of the event is the parade at four o'clock in the afternoon. About 20 saddle horses will be required in the parade. It will start at the Scottish Rite Cathedral and proceed down Lincoln to Jefferson, to Washington, out East Washington to County Line, counter march to and back to North Mill and up North Mill to the Cathedral. Business houses and private homes are requested to put out American flags during the parade. This is important and all are urged to comply.

The Potentate in coming to the ceremonial will fly from Pittsburgh in an airplane and land at the Crowl airport, where he will be met by a delegation from the local Caravan and escorted to the Cathedral.

To Bring All Equipment

The size of the event may be glimpsed when it is stated that it will take seven railroad cars to transport the men and initiation equipment to this city from Pittsburgh. All the initiation equipment from the Syria Temple will be brought here and used.

All petitions must be in by next Monday evening, May 28, which time

Workers To Gather At Cathedral For Opening Dinner

HUNDRED WORKERS WILL AID CAMPAIGN

While the campaign for memberships in the New Castle Civic Music association was launched Monday morning from headquarters at 114 North Mercer street with some of the workers securing application cards so that they could sign up members, the entire campaign will get under way officially at 6:30 this evening, when a dinner meeting of more than 100 workers for the project will take place in the east dining room of the Scottish Rite cathedral.

To give the membership campaign a flying start, several of the captains and workers met in conference with Herbert Pearis, president of the association, this morning at campaign headquarters. Miss Margaret Weinschenk is the first to sign for membership in the new organization.

Remarkable success attended the efforts of the Civic Music associations in 130 of the leading cities in the United States. The membership fee for adults is $5 and $3.50 for students. This is the entire cost, as there are no reserved seats in any Civic Music association.

New Castle Man To Make Trip Back From San Diego In Plane

Within the next two weeks, a Ryan mono plane, an exact duplicate of the one now owned by Col. Charles A. Lindbergh, and similar to the Spirit of St. Louis, now in the Smithsonian Institute in Washington, will be located at the New Castle Airport on the Harlansburg road.

D. Roy Bradford of this city announced today that he had purchased the new plane and would leave for San Diego, Cal., Wednesday morning, May 23, and with Pilot J. Warren Smith of Mayer Field, Pittsburgh would fly back to New Castle, starting Sunday morning. They expect to be back inside of a week.

On Monday, Mr. Bradford, accompanied by J. S. Crowl and Pilot Ed Schultz of the New Castle Airport, flew from Mayer Field, Bridgeville, Pa., in thirty minutes, in a Ryan Brougham plane. Returning to Pittsburgh, Mrs. J. S. Crowl, Mr. and Mrs. D. Roy Bradford and Charles Crowl flew from New Castle to Bridgeville, making the trip in 27 minutes.

The new Ryan plane is the last word in safety and durability. Several rigid tests were made by Mr.

Woman, 86, Gets Fishing License For 1928 Season

Mrs. Angeline Williams Likes To Take An All-Day Jaunt Along Local Streams

FAVORITE SPORT IS BASS FISHING

Among the fishing licenses issued by County Treasurer Adda M. Smiley, is one to Mrs. Angeline Williams of R. D. 1, Harmony, who is 86 years old. She is by far the oldest woman to secure a license this year, although a number have been issued to women.

Despite her age, Mrs. Williams is still in excellent physical condition. She says that she has fished more or less all her life, and during her later years has enjoyed the sport fully as well as in her girlhood.

"Fishing," she says, "is one of the few things that an aged person can do fully as well as a young person. When a fish sees a minnow or an angle worm dangling on the end of a hook, it does not stop to inquire the age of the person who is doing the angling, but grabs the bait."

Mrs. Williams has caught all kinds of fish found in local streams, including chubs, suckers, catfish, sunfish and bass. Her favorite sport is bass fishing. She uses a rod with a reel and likes to give them plenty of line

Lawrence County Boy In Futile Auto Race To Save Girl's Eye

(Special To The News)

STATE COLLEGE, Pa., May 22 — Driving a car to Philadelphia in a futile race against time, Walter Gumbel of near Princeton, Lawrence county, and Miss Jane Creasy of Catawissa, failed in the attempt to save the eye sight of Miss Lois Remley of Bloomsburg following a golfing accident Saturday afternoon on the college golf course.

A fellow student's follow through shot with an iron struck Miss Remley in the eye when she moved too close to the player. After first aid treatment, administered at the college, Gumbel, a Senior student, and Miss Creasy drove all night to Philadelphia, reaching the Willsey hospital at three o'clock Sunday morning.

Word received here today indicates that although the operation, which took place almost immediately, was successful, the sight of Miss Remley's left eye was lost. Miss Remley was a graduate of Bloomsburg State Normal school and will receive her bachelor's degree here in June.

START STEEL STRUCTURE ERECTION ON VIADUCT

First Big Steel Trusses Are Placed In Position At Wampum Viaduct

County Commissioners Present To See Epochal Work On Structure

First of the steel superstructure for the new bridge and viaduct at Wampum was erected Monday afternoon in the presence of the County Commissioners when the two 140 foot steel trusses were placed over the B. and O. tracks at the farther end of the viaduct.

Two large cranes with 70 and 80 foot booms took a hold of the 40 ton truss and raised it into place where it was bolted to the piers. When the second truss was put in place a large steel floor beam was placed at each end and bolted into place and a steel portal bolted across the top of each end that the truss may be held in place until the rivetting was completed. The two trusses were held in place by numerous steel guy wires.

Traffic Not Held Up

It was not necessary to hold up traffic on the B. and O. railroad while the trusses were being swung into place but arrangements were made with the railroad to do the work between trains. One hour and a half was allowed for each truss but each one was in place in an hour and 15 minutes.

The steel was shipped to the location and the two trusses rivetted together each truss being completely assembled before they were swung into place.

Within a few days the steel span will be thrown across the P. and L. E. railroad tracks according to C. H. Milholland, engineer of the project. The two trusses of this span which are about 100 feet long are being assembled at the shops of the Pittsburgh Bridge and Iron Works at Rochester and will be shipped by train to the location. Large cranes of the P. and L. E. railroad will swing them into place.

Applications For Naturalization Are Being Heard Here

Class Of Over Two Hundred Are Taking The Preliminary Examinations Today

Preliminary examinations for naturalization papers are being conducted at the court house by L. W. Thockmorton of the naturalization department at Pittsburgh. There are over 200 listed for examination. The preliminary questioning is done for the purpose of ascertaining if the applicants have a sufficient knowledge of our laws and form of government to appear at the final examinations. Those who fall down are told to study up.

Applicants who appeared today were asked questions relating to the formation of the city, state and national government, and the names of some of the officials. They are also required to give the date of their arrival in this country. One applicant said he came here when George Washington was president, but it didn't take long to convince him that there must be some mistake.

Each applicant is accompanied by a witness who is questioned as to his knowledge of the applicant's character. One of the questions asked all of the applicants and witnesses is whether or not the applicant has ever been arrested especially for violation of the prohibition laws.

Police Officer Shoots Dog; Head Is Sent Away For Analysis

FEAR THAT CANINE WAS RABIES VICTIM

Donald Burley, little step-son of J. M. Judge, 102 Lafayette street, was quite severely bitten on the hand last night by a straw brindle Bull dog. The injury was sustained near the home of the boy. It is feared that the dog was suffering from the rabies and the police were called.

Officer Robert Dukes answered the call and shot the dog, which had no license or other indication of ownership. Upon the killing of the dog, the matter was turned over to Sanitary Officer L. S. Hoon who saw to it that the head of the dog was secured and turned over to Dr. E. C. Porter, local veterinarian, who shipped the head to Philadelphia, where it will be examined to determine whether or not the animal was suffering from the rabies, when killed.

If it is found that the animal had the rabies, the victim of the biting incident, will undergo the Pasteur treatment. People of the Seventh ward are urged to keep on the lookout to determine whether or not any other persons or animals were bitten by this dog. The dog has been acting strangely.

If I can do one thing each day that cheers some stranger as he goes, if every day some work I do turns leaden gray clouds into rose. If some slight task I might perform brings sunshine where the shadows fall, I'll know that things are breaking right, that what is done has been done well. If by some line that I may write, a saddened heart may get the sun, then can I say, not boastfully, that task of mine has been well done. This I would ask, to write the truth, to comfort those who sorrow know, and where a smile is rarely seen, to foster it and make it grow. To never wound with idle lines, to strike at sham, this would I do, what more I ask can one expect, the weather, still at eighty-two.

Police Officers Draw Vacations

Annual Vacation Periods To Start Next Week For Policemen

EXTEND THROUGH UNTIL OCTOBER

Police officers of the city will on Monday, May 28, start on their annual two weeks' vacation. Each officer of the force will receive two weeks vacation, with the exception of those officers who were appointed to the force recently. They must work a year to be entitled to a vacation.

The number of officers to have vacations is such that the last man on each turn to go on vacation will return to duty on October 15.

Under the present system of three turns, there will still be four men off duty each two-week period as under the former two turn system.

The drawing of vacation dates took place Monday. The drawings made are subject to change, where two men may agree to an exchange of vacation periods they may have drawn.

Drawings made follow:

Class A—Day Turn.

Fred Schuller, May 28-June 11; Frank M. Jones, June 11-June 25; Thomas Lynch, June 25-July 9; William Tyrrell, July 9-July 23; D. T. Nelson, July 23-Aug. 6; John Young, Aug. 6-Aug. 20; C. G. Logan, Aug. 20-Sept. 3; George Wyman, Sept. 3-Sept. 17; Thomas Jones, Sept. 17-Oct. 1; Charles Longstreth, Oct. 1-Oct. 15.

success, everyone must get behind the idea and push. Everyone must support it, for the more support it gets, the bigger and better concerts New Castle will be able to have.

And, just as in the old Educational Arts Society, provision is being made for student concerts, to be held in the schools during the afternoons. This work, started by LaVerne Irvine and Frank Burton must be continued, think the directors in the new organization, for it is yet another way of teaching the young idea how to shoot.

Tonight at eight o'clock in the Scottish Rite cathedral, the citizens of New Castle will honor E. Lin Dilks, the city's entry in the Bunion Derby, who was forced out of the race with a pulled tendon. Will you be there?

Since auto transportation has been used for many school children in the country districts we have heard complaints from parents if their children had to walk any distance to meet the school bus or to the school. It recalls the times that we used to walk some two miles or more wading through snow drifts. That was what made us strong and hardy. That was the way we took our physical ed. Speaking of walking long distances to school, few of the country districts have much over the morning and evening marathon some of the scholars in the city have to make to reach the junior and senior high schools. But they are not complaining.

With the report of a boy being bitten by a stray dog in the Seventh Ward, the demand is reiterated that police get busy on the stray dog nuisance in New Castle. It is past time when action should be taken. Stray dogs are a menace, and are unlawful. Citizens expect some action before other children have been attacked and bitten.

victims of the Mather colliery explosion still in the mine, rescue crews began the task of locating and removing the bodies of the last of the 197 victims.

One man, Frank Krubick, 55, was found alive in the depths of the mine today—miraculously saved from death when gas fumes and fire swept by his niche in the coal and rock.

Fourteen others escaped shortly after the explosion Saturday, but one was so badly hurt that he died yesterday. Officials feel certain these are the only survivors.

The slow, gruesome task of digging out the bodies buried within the mine has begun. It will take days—maybe a week or more—before they are all recovered.

Twenty-two more bodies were removed from the mine today, bringing the total of dead removed from the mine to 81. This leaves 116 bodies still in the mine.

Rescued Just in Time

MATHER, Pa., May 22.—One man was found alive early today in the gas and fire swept workings of the blast-wrecked Mather colliery here.

Rescue crews, who checked a fire which swept through butt 22, found Frank Krubick deep in the room, seated on a rail. Gas was seeping into the room and he would have been overcome soon.

"You no come pretty soon," he greeted them, "somebody choke you."

The gas apparently had been sweeping down the entryway and C. M. Lengel, directing the rescue work, said that he feared the 116 others known to be in the mine already have been overcome.

Krubick walked to the entryway without assistance, was placed on a stretcher and brought to the surface. Here an attendant touched his lips with coffee.

"Give me all that coffee," Krubick shouted.

"I no have anything eat for three days."

Krubick and 210 others were entombed about five p. m. Saturday. Fourteen others came out alive, but one died in Waynesburg hospital yesterday.

The rescued man was taken to his home near the mine, where physicians took him under their care and barred the doors.

branches, alone stood between congress and adjournment at the end of the week. Failing to get congress homeward bound by May 26, administration leaders will set May 29 as the date for ending the present session.

Benefits Corporations

The new tax reduction bill, as it passed both house and senate, carried no reduction in the normal income taxes but granted heavy relief to corporations. The general public was benefitted by increased exemptions on amusement taxes, lightening of the club dues tax and repeal of the automobile tax. An effort to repeal and another to reduce the federal inheritance tax was defeated.

A number of efforts to attach farm relief and tariff legislation to the bill as "riders" were rejected by the senate.

Proposals to increase the tariff on farm products, to establish a $300,000,000 farm debenture fund for allowing farmers to import articles free of duty, and to refund transportation costs on exported farm products all were defeated.

At the last minute, the senate struck out the reduced graduated tax applying on small corporations but it took the vote of Vice President Dawes to do it. This scale was once adopted by the senate but last night, after a parliamentary tangle was solved, the senate voted 33 to 33 to eliminate it and Dawes cast the deciding vote against the proposal which the house had adopted.

Mrs. Page declares she is a graduate of the University of Alabama. She went to the beauty pageant two years ago as "Miss Mobile", taking third place honors.

Air Mail Pilot Killed As Plane Falls To Earth

(International News Service)

RICHMOND, May 22.—Edward J. "Pat" Morrisey, air mail pilot operating between here and New York, was killed early today when his plane went into a nose dive and crashed near the city airport. He had just taken off from New York and was believed to have lost his bearings in the fog.

He was buried under the wreckage and the body was mangled.

The Pitcairn Aviation company of Philadelphia operates the mail service.

He was 33 and his home was in Idaho.

the outskirts of the suburb of Vedel, until dissipated by ammonia sprays and a rainstorm. If it had taken place in the city proper it might have caused hundreds of deaths.

The scene was a replica of war time, with soldiers, firemen and police, their faces grotesque in gas masks, waging warfare against the death fumes all over the city, while the population fled in mad panic. Cattle dropped in the fields, trees and shrubbery withered before the yellow death wave.

It is reported that the League of Nations may send a representative here to investigate if the phosgene gas was being manufactured in violation of treaty regulations.

another meeting of the Caravan will be held in the Cathedral. Petitions may be given to the president, Fred L. Rentz, at The News office, or to the secretary, Walter C. DeArment, at the Pennsylvania railroad office. Headquarters for the day of the ceremonial will be at The Castleton.

Shriners were present at the meeting last night from Ellwood City and from different parts of the three counties of this part of the state.

Child Is Slain, Parents Wounded In Family Fight

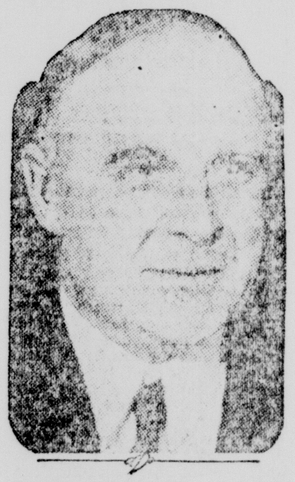

(International News Service)

DAYTON, Ohio, May 22.—An eight months old child of a common law union is dead, and its parents are in a hospital with slashed throats as the result of a domestic quarrel here today.

The girl, according to police, was slashed from ear to ear by its father Edward Linden, 37, of Avon, O., when Clara Balmert, 35, the child's mother and Linden's common law wife, refused to return to him. Another child Florence, aged five, was not attacked.

be put into place until the two piers in the center of the river are completed. Work has just been started on one of these piers and it will be completed before the second is started, so it will be several weeks before the steel can be placed on these spans over the river. One of these spans is 200 feet long.

Grading on the hill is over half completed and work is progressing on the second half. As only one half is being graded at a time, traffic may pass on the other half.

There is considerable concrete work to be completed yet besides that of the two large piers. Of the 16 reinforced concrete, 45-foot spans only three have been completed and the forms made ready for two more. Also for the support of the reinforced spans which form the approach to the B. and O. railroad there remains yet several of the concrete pillars to be constructed.

MOTHERS-DAUGHTERS BANQUET ON MONDAY

Baskets of lilacs and yellow tapers in crystal holders made a beautiful color scheme for the mothers and daughters banquet given Monday evening by the Teacher Training class of the Second United Presbyterian Bible school.

An elaborate menu was served at 6:30 in the church dining room with covers arranged for thirty. Dainty cards marked places for each guest and miniature bouquets of violets were given to each mother.

Fay Thompson, president of the class acted as the toastmistress of the evening. Eleanor Smith gave the toast to the mothers and the response to the daughters was made by Mrs. Albert Brenner.

Readings by Albert Brenner and pep singing were outstanding features of the program. The teacher of the class, Miss Margaret Brenner gave a short talk.

Committee on arrangements included Dorothy Long, Emily Parker and Ethel Denniston.

Honor Bride-Elect.

Miss Gladys Houk, bride-elect of May, was honored at a miscellaneous shower Monday evening by the members of the Queen Esther class of the Third U. P. Bible school at the home of Mrs. Esther Hook of Beckford street.

Miss Houk received many useful and attractive gifts. Mrs. Lillian Bailey and Mrs. Houston were special guests. Refreshments were served by the hostess assisted by Miss Alda Wasson and Miss Angie Colnot.

RE-ELECT DR. ROGERS AS B. P. W. PRESIDENT

DR. MILDRED ROGERS

Fifty members attended the regular meeting and annual election of officers of the Business and Professional Women's club Monday evening at the Y. W. C. A. Dinner was served and the tables were beautifully decorated with spring flowers.

Following the dinner reports were given by several of the members who attended the convention at Williamsport last week.

The membership trophy a gavel and gavel block were used by the president for the first time. The club voted $35 to the Girl Scout council for the establishment of a Girl Scout camp.

June 4 the club will have their annual picnic at Cascade Park. An invitation has been extended from the Y. W. C. A. for the members to spend the last week in August at their camp at East Brook.

The following officers were re-elected for the year 1928-1929: President Dr. Mildred Rogers; vice president, Miss Emily Rice; secretary, Miss Cora Ritchie; corresponding secretary, Miss Bess Gally and treasurer, Miss Nancy Bechtol. Miss Mabel Hutchison was elected as state director in place of Miss Grace Brown whose business duties prevent her from attending state meetings.

The New Castle club gained 115 per cent in membership the last year. One speaker at the Williamsport convention stated that three qualifications of a club president should be "Tactfulness, Inspiration and Intelligence." One has only to notice the growth in membership and the genial fellowship enjoyed to realize that in choosing a president the New Castle club has fulfilled every qualification required. Due to the untiring efforts of Dr. Rogers New Castle will be the hostess city for the state convention of the Business and Professional Women in 1929.

O. F. D. Club

ON RETIRING AT 45

THE educator who recently expressed the opinion that the man of 45 who has not earned enough money to retire is a failure in life takes an extremely mercenary view for an educator. Persons who devote themselves to education might be supposed to consider rewards other than money as also a value.

Certainly one would not be likely to enter any branch of teaching from the grade schools to the university with the expectation of amassing in that line of effort sufficient wealth by the time the age of 45 is reached to warrant retirement into luxury. If the acquirement of wealth were the sole measure of success it might be well to hurry up the process lest it be not accomplished at all. However, there are other standards certainly not less important, though we would not decry the thrift and business acumen which enable many to accumulate material resources. Even were the size of one's bank account the only yard stick it happens that many men do not reach business success until after 45. Judged by this standard every president of the United States but one, would have been a failure.

One who attempts to fix a limit at which usefulness ends engages in a fruitless occupation. Some men are doers so long as they live while others never do anything at any age. Result depends on the individual and no rule amounts to a picayune which attempts to fix boundaries beyond which man shall not go. Some men are as well prepared to retire at 30 as ever afterward and might as well do it, if later efforts are considered. Yet, retirement should not be the goal.

It is the mission of mankind to work and that one best fills the purpose of life who gives some form of useful service so long as one lives. One may divert energies, but if one becomes so apart from the world that no void would be caused by departure then does one cease to live though still in the flesh. Were the educator's dictum to be true a great proportion of the men of the past whom the world holds in reverence for their deeds were failures.

CHEAPNESS NOT ALWAYS A VIRTUE

CONTRACTS for public construction usually must be allotted under the law to the "lowest responsible bidder." The "lowest responsible bidder," however, is a phrase that lends itself to several interpretations. Consequently from time to time friction has arisen between authorities, bidders and the public.

There are contractors who assume that the low bid is all that concerns those letting the contract. The comptroller general at Washington has interpreted the word "responsible" to mean any bidder who is able to supply a corporate surety bond to cover his contract. The Associated General Contractors of America take issue with the government official on this point. And the public has learned from sad experience that the lowest bid is not always the cheapest in the long run.

Competitive bidding was conceived to abolish that vicious form of corruption known as "contractor government." Many large private fortunes were built upon public contracts awarded to political favorites at their own price. Compulsory awards to the lowest responsible bidder has removed another temptation for dishonesty in public office.

There is one weakness in the new system. It places a premium on cheap work and often drives public officials, through fear of being suspected of corruption, to award contracts to bidders they know to be irresponsible. Only that administration deserving and enjoying full public confidence dares throw out the low bid on the grounds of irresponsibility. Many defaulted contracts, delayed public construction and immeasurable loss in public funds are the fruits of awarding contracts to the lowest bidder without first determining his ability to do the job well.

FRUITS OF GENERAL NOBILE'S FLIGHT

GENERAL NOBILE'S flight over the Arctic Ocean from Spitzbergen to the vicinity of Lenin Land and return seems from fragmentary reports to have had negative results so far as the discovery or mapping of new land is concerned, but it was a tremendous undertaking carried out in the face of every fury of the elements.

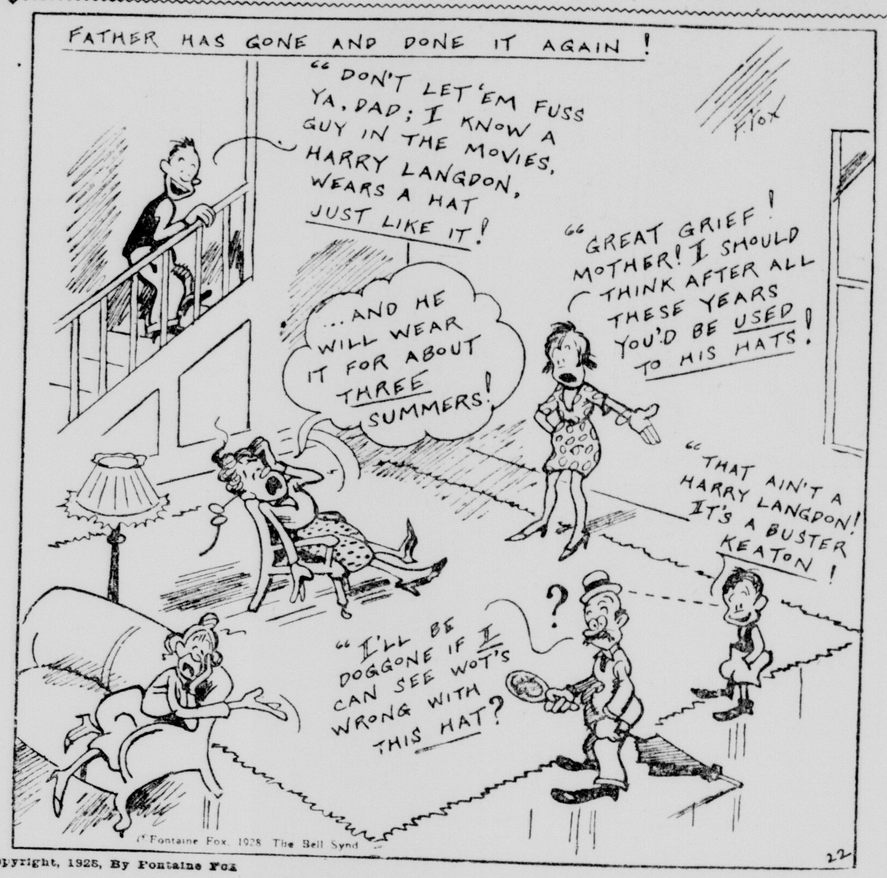

The dirigible Italia faced contrary winds, snow, ice formations on her framework that weighed her down, fog that prevented examination of land masses and the ultimate danger of fuel exhaustion and disaster before a safe haven was reached. The distance covered was more than 2000 miles, much of it over an area through which only one expedition has passed, so far as history reveals.

Fritjof Nansen and his companions in the Fram drifted westward across the Polar Sea in the great ice pack from a point north of Bering Strait to Spitzbergen and Norway during the three years from September, 1893, to August, 1896. Nicholas II Land, renamed Lenin Land, which was Nobile's objective, was sighted and part of its coast was mapped in 1913 by Captain Vilkitski, who commanded two Russian icebreakers engaged in surveying the Siberian Ocean bordering on the Asiatic Continent. He found a volcanic archipelago, the islands of which reached from within thirty miles of the mainland for at least 200 miles northward. The islands had high, abrupt cliffs and a number of isolated peaks and were partly covered with scanty vegetation.

Nobile was prevented from making any sort of exploration by the fog and snow, but it seems strange he found no trace at all of these islands. There is no doubt of their existence, as Roald Amundsen's expedition in the Maud visited them and erected markers.

General Nobile is about ready to make a new venture into the polar regions and greater results may be achieved.

Hints and Dints

Sun sets tonight 7:16. Sun rises tomorrow 4:37.

The Democrats had a state meeting in Harrisburg last Saturday. A great many times the speakers who got to speak were called liars right out loud. The police had to be called to keep the affair from developing into a bloody riot. One bird was accused of "giving aid and comfort to the Republican enemy." That must have been one of those Republican Democrats who are so active in Republican campaigns in this county. And it looks as if the whole caboodle were for Al Smith. Oh, wham de doodle, de doodle wham!

Maybe its because there are more ways than one to skin a cat that no one ever specializes on it.

TODAY'S STORYETTE

The lecturer on health had finished his discourse and invited his audience to ask any questions they chose concerning points that might seem to need clearing up, when a tired-looking man inquired anxiously:

"Professor, what do you do when you can't sleep at night."

"I usually stay awake, although, of course, anybody should feel at liberty to do otherwise. Are there any other questions?"

Not long ago Pittsburgh police put the ban on petting in the city parks. Now the ban has also been put on county parks by another kind of police. The police cannot do that here because we don't have any parks of a public nature and the police see to that in the private parks and we are not burdened with that kind of parks either. Petting seems to be doomed as an outdoor sport at least.

When a man thinks the world revolves about him he is either awfully proud or awfully drunk.

If all the streets were fixed that needed it in New Castle and all the old ramshakle shacks were torn down that should be torn down this city would be a great deal ahead of where it is now. Why let old dumps exist near to buildings that costs hundreds of thousands of dollars, the owners of which not only refuse to improve them or sell them at prices many times what hey are worth. Why not tax those babies in a class designated as handicaps to the growth and welfare of our city. You can find plenty such not only on Washington street but on every side street. Once in a while some enthusiast from some other city comes here and improves a property owned by some destructionist who makes his money by just keeping all he gets. If you ever want to run for office don't do like this or repeat what we say.

Religion isn't a primary essential out in Oklahoma, or so we gather from the Daily Register of Siloam Springs, which prints a notice it found on a farm fence out there: "Positively no more baptizing in my pasture. Twice in the last two months I have had my gate left open by Christian people and I can't afford to chase all over the country just to save a few sinners."

In addition to our first thought, it wasn't quite neighborly of the "Christian people" to leave their sinners there with the gate open.

Bee-you-tee-ful spring! We are glad we are living!

It is said that the followers of Gov. Smith have already spent ten million dollars in their efforts to elect him president of the United States. Well we have known of cases where a bunch of ten dollar bills helped a lot.

It's because there is so much funny business going on that the window shade manufacturers succeed.

Times change and if knighthood were in flower now, modern cynics would call them blooming idiots.

Ninety-eight more automobiles were stolen in Pennsylvania during the first three months of this year than were stolen during the same period in 1927. So far 1,166 cars have been snitched from their parking places. Well we are surely doing fine in the automobile stealing business if nothing else.

A few days ago James Moorhead of the M. & D. Radio Co...—Jim is the M in that company—came into the News office and presented us with a handsome marble elephant. It is a big affair and is beautiful as an elephant could possibly be. He did not say why he gave it to us. He did say he wanted us to have it. We think he gave it to us because we are a Republican. Anyhow we highly appreciate the gift from our friend. We do not always get presented with things we like the most. No suh!

A village is a place where the old man who resembles a tramp owns three blocks on Main street.

We saw a lady at a party all dressed up in her best the other day and when we drove past her home we saw her husband—professional man—washing the windows. He sure is setting a bad example for less enthusiastic husbands to be made live up to.

And the next joy of the agricultural life will be the roses. Sound the almo.

Reading of a "professional bootlegger", we have been puzzled ever since to arrive at some conclusion concerning the exact point in his distribution of alcoholic contraband when a purveyor graduates from the ranks of amateur endeavor.

Every now and then some rose bush salesman tells us to plant rose bushes in the fall. And every now and then we listen and do it, and in the spring we have frozen out rose bushes. It is our opinion, after a great deal of experience, that spring is the time to plant rose bushes in this climate, although it may pay those who have them to sell to have them planted in the fall, so they can sell more in the spring.

The pessimist is one who, of two evils, takes both.

QUERIES ANSWERED

Hints and Dints:

A manufacturer tells me that the girls are not wearing bloomers as much as they did a few months ago. Do you think he is correct?

N. M. L.

The manufacturers should know. The figures show.

A chap who inquires on a postal card says: I notice where a hullabaloo is being made about having signs on buildings so an occasional aviator who comes this way can tell if it's New Castle. There are half a dozen highways leading into New Castle practically unmarked. Why not do something about this before going up in the air? He will have to go further than us for an answer to that.

Ask some men why they don't buy a new car and they'll tell you the reason is that they're afraid they wouldn't be able to get as good an engine in a new car as they have in the old one. But that isn't really the reason.

"Pedestrian Week" is being celebrated in Pittsburgh this week. On Sunday sermons were preached on the subject in the churches. The idea is to teach people how to be careful in crossing streets and keep from being injured or killed in general. We will admit that sermons are wonderful for a lot of things, funerals for instance, but when it comes to teaching people how to keep from getting hurt, a policeman's club has sermons beaten ten thousand different ways. Sermons are all right for the straight and narrow way, but street crossings are another thing.

"Filthy lucre" is cold cash in excess of the sum you happen to have.

It's a good thing the fellow to whom a memorial is erected don't know what a helluva time the folks promoting it have raising the money.

Hereafter all Pittsburgh newspapers will sell for three cents. The promise is made that far better newspapers will be given there on account of the raise. This shows that they admit the papers can be improved. Well, that can be considered progress. In most of cities of the country newspapers have been three cents for some years, and in many of the big cities they have been five cents and more. So even the price of the Pittsburgh papers isn't new.

The flood situation wouldn't be quite so bad if the politicians would dry up.

"Give till it hurts" was a good slogan. Another one is "Pay till it hurts."

A Democratic congressman, against prohibition, of course, made the charge last Saturday that three hundred innocent people had been shot in eight years by dry agents in this country. He didn't say anything about the millions who have been half shot on their own account or of nearly a like amount who have licked up hootch that blew out their light in a short time afterwards.

By means of electric heat reflectors placed in the lower part of a ceiling, a Danish engineer has developed an efficient method for heating auditoriums and other large rooms with high walls. The chief features of the system are said to be the economy and greater healthfulness, as the heat is communicated more directly to persons inside, instead of heating the air and reducing its humidity.

"Everybody in Russia had been instructed to buy a gas mask" during the war. Which reminds us of a story. English officers were discussing which smelled the loudest, a Turk or a goat. 4-Million-Share Days.
Our Smooth Earth.
Baptists, and a Wet.
Gandhi Should Try Beef.

By ARTHUR G. BRISBANE
(Copyright, 1928, by N. Y. American, Inc.)

Lights were burning in Wall Street towers until long after midnight, Sunday, not for anxious mothers awaiting a son's return, but for clerks trying to catch up with the market.

All day Sunday many were still at work while you trudged the links trying to select a winning stock for Monday.

Four-million share days have become "thick as autumnal leaves that strew the brooks in Vallombrosa." Therefore the big stock exchange has decided to close at 2, instead of 3 p. m. The eleven hundred brokers that hold a priceless monopoly will probably sell no fewer shares.

A gambling mania has spread throughout the country and many will suffer that buy foolishly, or beyond their means.

There is, unfortunately, no other way of teaching men not to gamble. A child once burned dreads fire. A man, ruined, knows that gambling does not pay.

Beginning June 15, you may visit the top of Mt. Blanc, without climbing. Airplanes will take you up. Later, a landing field will be established near the top. Still later, you will fly to the top of Mt. Everest, or any other high spot on earth.

Compared with the earths diameter, these high spots are not so high. The earth is actually smoother than an apple. Mountains seem high to us, as the roughness on an apple's skin seems "high" to a microbe on the apple.

The Senate votes to keep the Federal inheritance tax on dead men's property. To tax men while they live would seem better than taking money from their wives and children.

The Southern Baptist Church with 3,700,000 members, votes to "break party lines, if a Wet is nominated." This, of course, refers to Gov. Smith, although the Baptists do not say so.

If any candidate, Dry or Wet, could get the votes of all good church people that are not individually "Dry", he would do well.

Meanwhile, Democrats talk of nominating Gov. Smith by acclamation. This would choke off many beautifully prepared speeches and probably won't happen. It is certain Gov. Smith has already more than 600 votes, and is nominated.

Gandhi, gentle Hindu leader, reenters politics "to establish harmony and brotherly love among Hindus and Mohammedans."

The two kinds of religions and men hate the British, in an unreasoning sort of way, inspite of the fact that Britain gives India what little peace and civilization she possesses.

But Hindus and Mohammedans hate each other ten thousand times more than they hate Britain. Religious hate is the vilest and most violent. That is Britain's protection in Asia.

If Gandhi would teach the feeble Hindus to eat meat and build up red blood, instead of letting thousands of miserable cows die of starvation, he really would worry Britain. A vegetarian race is nothing to fear.

Statistics gathered by the Canadian Pacific Railroad show that United States tourists in Canada spent last year $260,000,000, and will spend more this year, thanks to intelligent advertising by Canadian railroads and hotels and thanks to our Volstead act.

This travel is a good thing for us, making our citizens realize the bigness of this continent, and the value of Canada's friendship.

Mexico invites American tourists also, and permits six months' sojourn and travel, with no pass port formality or expense. An identification card, supplied without cost by any Mexican consul, is sufficient.

A MODERN CLOTHES LINE

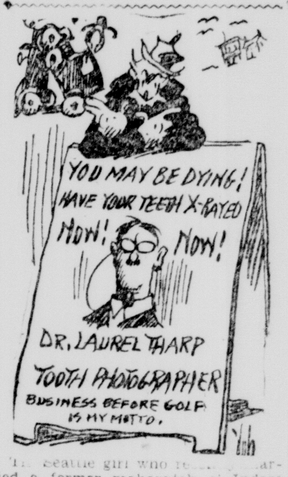

Time was that on Mondays the washing was done
And the clothes hung to dry in the warmth of the sun,
And they flapped in the breeze for the whole world to see,
But the sight was as drab and as plain as could be
For the garments of old were of white or of gray
And they looked all alike in that old-fashioned day.

On Mondays the family washing's still done
And hung out to dry in the warmth of the sun
And it flaps in the breezes, but strange to behold
There's a blend now of orchid and scarlet and gold.
The drabness has vanished. The passerby views
A radiant clothes line of marvelous hues.

I passed by a clothes line and chuckled in mirth.
It seemed that a rainbow had fallen to earth,
With its lavender tints blended there with the pink
And the fluffles of yellow, called steppins, I think.
And I said as I looked at those purples and tans,
"The only plain things on that line are a man's"

Dr. Crane's Editorial

QUICK JUSTICE

A man by the name of A. H. Adams, a confessed bank robber, was arraigned the other day in Salt Lake City. He pleaded guilty, waived a preliminary hearing and was sentenced to from five years to life imprisonment, all within a half hour. Some minutes later he was dressed in the state-prison garb.

This is the sort of item that should be played up in big print on the front page of the newspaper.

It does no good to talk about the crime wave while we are constantly feeding the public upon stories of crime, the psychological effect of which is deplorable.

It does little good to attack prize-fighting in editorials on the back page, while on the front page the exploits of terrible bruisers are played up in big type.

The effect of a paper's policy is best determined by the way it arranges its news rather than by the tone of its editorials. Everybody reads the news, a compartively few read the editorials.

And the above item about bank robber Adams is the kind of news that ought to be broadcast.

What deters the criminal is not cruelty and inhuman punishment, but quick justice and sure.

Some misguided judges have advocated whipping or more cruelty in the prisons. Some people, in their revolt from sentimentalism, urge that prisons be made more horrible than they are, and urge that the death penalty be maintained as a deterrent to crime.

Quick punishment, the minimum of the law's delays, and sure punishment are the best means of preventing crime.

Unfortunately, spectacular crime is news, while swift punishment occupies a news position of subordinate interest.

One trouble that has been found with capital punishment is that juries are loath to convict and very often the criminal escapes simply because of the juries' scruples, whereas if life imprisonment were made swift and sure the criminal would have a harder time of it to escape.

What the criminal wants to realize is that he is up against a perfect and incorruptible machine and that there is no way to beat the law.

Bible Thought For Today

PRAISE IS COMELY—Praise ye the Lord: for it is good to sing praises unto our God, for it is pleasant; and praise is comely.—Psalm 147:1.

PRAYER—"Make a joyful noise unto the Lord all ye lands."

The World AND THE Mud Puddles

GET THEM DELIVERED FIRST.

The Lightning Agent is still remembered. It was he who sold the Farmer (it seemed to always have been the "Farmer"), an order for Lightning Rods, taking his Note therefore before the delivery of the goods. The Notes were perfectly good Notes and were easily negotiable at the County Banks. They were so negotiated, but the rods were never delivered. The Notes having been assigned for value before maturity, the little matter of non-delivery of the Lightning Rods might not be alleged by the exasperated farmer by way of defense to the payment of the number of dollars written in the Notes.

Thus it was that "Lightning Rods" have been ridiculed over much ever since they were introduced. However, recent experience has demonstrated their efficiency when properly installed.

In Iowa, for an eight-year period, fire insurance companies paid out $76 in lightning claims on unrodded buildings for every dollar on rodded buildings. Underwriters in that state affirm that between seventy-five and ninety per cent of fire losses on farm buildings can be prevented if proper care is exercised by installing lightning rods.

Destructive lightning is the most prolific cause of fires in farm buildings throughout the Middle West. Moreover, investigations carried on in Michigan, Ontario and elsewhere indicate that when the buildings are properly rodded, the protection from lightning is practically one hundred per cent. The Farmers' Mutual Lightning Protective Insurance Company of Michigan, which insures only rodded buildings, paid only $32 for damage from lightning during four years on an aggregate risk totaling more than $55,000,000.

In all these cases, be it not overlooked, the Farmer obtained delivery and installation of the Rods, as per order and specifications.

MORE IMPORTANT THINGS

Inhabitants of the United States are getting ready to vote for candidates for the presidency, and I have no doubt that this is a very important affair. The country is already getting excited about it, and men are making enemies of old friends by condemning all who do not agree with them in the choice of a man for the chief executive office. And it will be next March before we have a new president.

However important the presidency may be, I thing it is given plenty of attention by Americans. As for myself, I am going to think and talk about other things. There are plenty of talkers and writers to discuss the candidates and the issues (if any) with you and at you.

I wrote and lectured on political and semi-political subjects for years and years. I used to get excited about these things. I thought that the election of A would mean a nation's ruin, and that the election of B would put right upon the throne and wrong upon the scaffold.

* * *

Things I consider more important than the presidency: Mississippi flood relief, reforestation, development of inland waterways and coastal canals, a broad national highway from New York to California, and another one from Alaska to South America.

Development of systematic marketing by farmers, Lindbergh's next trip to Europe, airports for every town and mooring masts for dirigibles at first-class airports.

Conquest of cancer and the common cold, fireproof school buildings, a home chair that one may tip back on without damaging the rugs, abolition of dry sweeping in all public places, electrification of railroads, the Nicaragua canal, the St. Lawrence waterway, good English on the radio, elimination of railway grade crossings, a cheap method of killing potato bugs, and the teaching of modern languages to children under ten.

* * *

Are there any other things that are more important for discussion than the presidential candidates and the political issues? Let's see. Immortality and how to achieve it, worry and the avoidance of it, how to acquire merit, how to deserve and enjoy love, how to appreciate the parable of the Good Samaritan, how to treat a wife or a husband, how to answer the children's questions, what to wear, what to eat, how to escape a tornado, what to do with one's money if any, and what to say to the bill collector the third time.

Oh, I fancy we'll have no difficulty whatever finding interesting and important things to talk and write about between now and next March.

Many Fail To Meet Pledges

Community Chest Funds Are Low Because Of These Failures

NEW STATEMENTS OUT ABOUT JUNE 1

With the Community Chest year half gone, the total payments made on subscriptions of $100,000.00 are $53,000.00, according to a statement made today by the president of the Community Chest, William F. Moody.

While the total paid squares with the time elapsed, there is need for a quickening of the payment of subscriptions if the total is to be paid in, according to Mr. Moody.

At the present time there are 1371 subscriptions amounting to approximately $20,000.00 upon which nothing has been paid. These, it is hoped will be paid, or at least partly so when the statements go out on June 1.

Unless all the subscriptions are paid in, as they were promised, there is a very grave possibility of a deficit and this should be avoided if at all possible.

Mr. Moody is most anxious that the subscriptions be paid on time and to this end is urging that everyone honor the statement which will reach them sometime after June 1.

Sixty-Five Couples Who Started Marathon Dance Sunday Night Quit

(International News Service)

HOMESTEAD, May 22.—After thirty one hours of shufflin' around from one end of the floor of Stahl Garden's dance floor today, the crop of dancing marathoners had reduced its ranks to 120 couples.

Dancing feet were still moving about on the shiny floor but not quite as spryly as they had when they started or their long grind Sunday at midnight.

Sixty-five couples, who started the marathon dropped out of the line, either finding the going too rough or finding themselves disqualified for various reasons.

The Woman's Missionary Society and the L. D. K. Missionary Society are especially invited to attend and all other women of the congregation.

Miss Beatty who has recently returned from India will have a number of interesting articles on display. The list will include native costumes, curios and native fancy work.

Among the first things civilization takes to a savage people are religion, ethics, pants and padlocks.

Free Of Health Troubles Since He Got Konjola

Neuritis Pains Banished; Also Relieved Severe Stomach Suffering.

Nearly all modern people are susceptible to the common ailments. This is because we do not take care of our bodies. Seventy percent of all diseases are caused by the stomach, liver, kidneys and bowels becoming clogged and sluggish, sending poisons through the body, and leaving it prey to ailments of every nature. To spare oneself the discomfort, disability and final dissolution due to a rundown and disordered inner-system, the ailments that lead up to them must be taken care of. Therefore, this new medicine, Konjola, has been prepared. It is composed of Nature's own remedies, which never fail to liven up those important functionary organs. Thousands who have taken this medicine tell of it's wonderful effects on their health.

One of the latest indorsements came from Mr. John G. Zook, R. R. No. 4, New Castle, who interviewed the Konjola Man at the Love and Megown drug store, 204 East Washington street, this city, and gave him the following report:

"I am recommending Konjola every chance I get, because I know what this medicine will do. It ended my stomach trouble and neuritis so that I feel better than for years," said Mr. Zook.

"My suffering was so bad that for many days I was unable to work. The neuritis pains were just like hot daggers sticking in me. Most of the pains settled in my shoulders and made it almost impossible for me to raise my hands over my head. There were times when the base of my skull pained so much that I thought I couldn't stand it any longer. Then to add to my suffering I would have to stand awful indigestion pains after every meal. Gas would form and press against my heart, making it palpitate so that I thought it would stop beating. Even my liver and kidneys were disordered. You can see, that my health was in a terrible state.

"One day while I was near the headquarters of the Konjola Man I stopped in to see him. He explained this new medicine to me and when I heard that it worked as Nature intends I made up my mind to give it a fair trial. I began taking Konjola as directed and within a surprising short time I could notice a change in my entire system. First of all Konjola gave my inner-system a thorough cleansing and regulated all the organs. The neuritis pains began easing up and as I continued with the treatment they completely disappeared. Now it is a fact that I have not a single ache or pain in any part of my body. My bowels are acting free and regular so that the headaches are things of the past. My stomach never gives me any trouble and I am eating whatever I want without suffering afterward. In fact my entire health is so much better I hardly realize I am the same person. I will always recommend and indorse Konjola to others who are suffering as I once did."

The Konjola Man is at the Love and Megown drug store, 204 East Washington street, New Castle, where he is daily meeting the public and introducing and explaining the merits of this remedy. Free samples given.

Trade School Exhibit Here

Will Take Place At Ben Franklin School Thursday, May 24

WORK OF STUDENTS TO BE PRESENTED

To show all the people of Lawrence county the work that has been done in the New Castle trade school during the past school year, an exhibition of the products which are made in the shops will take place Thursday, May 24, announces S. A. Martine, director of the school. The exhibit, which will be held in the Ben Franklin trade school, will open Thursday afternoon and continue until 10 o'clock in the evening.

Chief among the articles exhibited will be those made in the wood and metal shops of the school. There will be sewing cabinets, magazine racks, table lamps, tables, taborets, necktie racks, garden trellises, cafeteria tables for the new George Washington Junior High school, art tables, sewing and commercial tables, library tables, bookcases, filing cabinets, telephone tables and chairs and model airplanes.

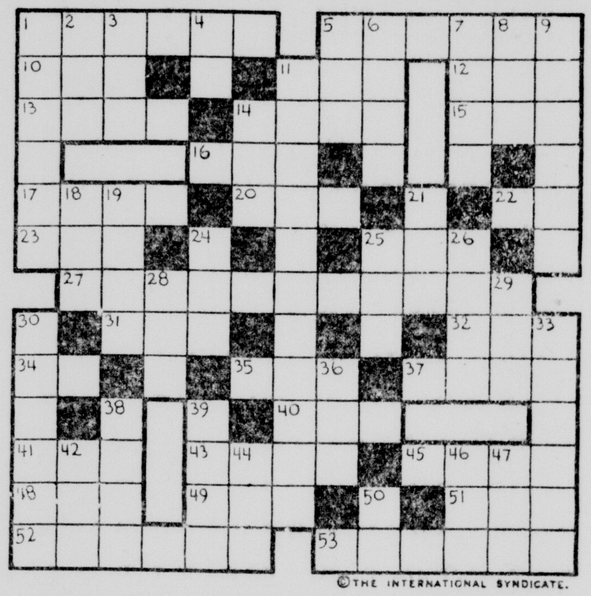

"Of course," declares Mr. Martine, "much of the stuff which really is good cannot be shown at the exhibit as the boys have taken it home on completion. But we will have an exhibit which is second to none, and an exhibit that will give the spectator a comprehensive idea of the work that we are doing.

"During the past year we have made many things, such as bookcases and the like, for the different schools in the city. As these are now in use at the buildings, we can have no way of showing them. But I estimate that we shall build something like $7,000 or $10,000 in furniture before the new school is outfitted."

The machine shop will also have a large exhibit at the show. It will include screw jacks for automobiles, drift pins, bench blocks, toolmaking clamps, centering punches, lathe centers, vee blocks, bill hooks, bench stops, drill gauges, drifts, brass candlesticks, grinders, pattern making vises and general shop equipment, all made by the boys at the school.

"We want all of the people of the county to see the exhibit," concludes Mr. Martine. "This invitation is open not only to parents, but to everyone. We hope that all will come and see the boys' work."

PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

SONNY-BUNNY RUNS AWAY

"Oh, dear! Oh, dear!" cried the Gray Rabbit, sitting down hurriedly and holding up her forepaws in a helpless fashion.

"I have never had such a scare in all my life. How would you like to come out of your front door and find a stranger standing on the very threshold? I feel positively weak—why, I can feel my whiskers trembling! Who are you, anyhow, and what are you doing here in the meadow?"

Peter who had been taking a walk through the clover, stopped short in his tracks almost as startled as rabbit herself.

"Why—nothing—I am doing nothing," stammered he.

"Nobody has no business to be doing nothing!" declared the Rabbit.

"Pardon me, but that is bad grammar," remarked the boy, politely. "You mean"—

"Don't you try to tell me what I mean." Rabbit's whiskers trembled more than ever, but this time not because she was afraid, but because she was cross. "I have my opinion of folks that haven't any business in a place."

"I didn't say I hadn't any business," began Peter, but Rabbit interrupted him.

"You did, too, and if you didn't, you ought to have. Look at me! I am tired out from working so hard I have been spring cleaning the whole morning. You couldn't find a speck of dirt all the way through the rabbit hole. If you don't believe me you can slip down and look for yourself.

"But, oh, dear me! It doesn't pay to be too clean, it makes you forget your other duties. I was so taken up with getting things to rights that I never noticed that the children were doing. And when I went to see what they were up to I found that Sonny-Bunny—bless his little heart—had run away from the nursery.

"YOU HAVEN'T SEEN ANYTHING OF A LITTLE RABBIT HAVE YOU?

"Oh, dear! Oh, dear! You haven't seen anything of a little rabbit, have you? You would know him at once. He is so clever and cute and such a handsome little fellow!"

Peter shook his head.

"No, I didn't meet a living creature!" said he. "I am awfully sorry, Mrs. Rabbit. You must be dreadfully worried."

"Worried! I should say I am. Oh, dear! Oh, dear! What can have happened to my darling child?"

Tears began to stream from Mrs. Rabbit's pink eyes. The boy was trying to think of a way to comfort the worried little mother when suddenly the words he would have spoken were taken right out of his mouth. A cheery voice nearby twittered: "Mrs. Rabbit, Mrs. Rabbit, there you are down in the dumps again! How many times have I told you not to cross your bridges before you come to them?"

This SYMBOL NEVER MEANT MORE

In body design as in mechanical excellence, the new Oldsmobile represents a brilliant interpretation of the fine-car ideal—for Oldsmobile's new bodies are Fisher bodies . . . and never in history has the Fisher symbol carried greater significance.

In their bold, refreshing grace is expressed the whole new spirit of our times. In their artfully executed refinements, their rich appointments and their exquisite finish, is revealed the artist's appreciation of luxurious detail. Yet for all their beauty and fineness, Oldsmobile bodies by Fisher have the inherent soundness which always appeals to those motorists who demand enduring worth.

Body frames are built of selected hardwood — carefully mortised, glued, screwed and bolted. Over this are applied panels of steel—a resilient combination assuring maximum strength and freedom from drumming.

In itself, this achievement in fine body building is worthy of widespread approval. But combined as it is with new performance abilities, new steadiness and new stamina — it stamps the new Oldsmobile overwhelmingly *the fine car of low price*—the choice of thousands of buyers.

Must Join During Week To Attend Concert Course Here During Next Winter

The Civic Music association: what it is and how it will function so that the people of New Castle can have better concerts each year, was explained this morning by Herbert Pearis, president of the association, which will take the place of the old Educational Arts society, and manager of the Scottish Rite cathedral.

"Believing that popular music is familiar music, the Civic Music association is being organized in New Castle to bring concerts to a greater number of people on a cooperative, economical and popular basis," comments Mr. Pearis. "Too many people regard a concert as a mystic performance, requiring a special knowledge and a trained ear to make it comprehensible. This is a mistake. Technical skill is necessary for an artist, but not for the audience.

"Briefly, the plan is this: To do away with the necessity of a few public spirited citizens bearing the brunt of a deficit at the end of the concert season, and to put the finances of such a series of concerts equally on the shoulders of all concert goers.

"Probably during the week each citizen of New Castle will be asked by one of the workers to join the association. The membership fee is five dollars for an adult. This money will be placed in the bank, and at the end of the campaign, the talent committee, who will select the artists who will appear in New Castle next season, will know exactly how much money they have to spend. In this way, they can organize a program without that element of uncertainty which is sure to be felt if the financing is conducted under any other method.

"After the campaign for memberships, which will close Saturday evening, May 26, at 10 o'clock, no one will be admitted into the organization. Neither will any single admission tickets be sold to anyone. You must join now, or be left out for another year.

"Under this plan, no local profit can be derived, nor can any loss be sustained. The more members secured, the more and better concerts for New Castle, as all of the money is being expended for this purpose.

"So far, the plan has been a marked success in some 130 cities in all parts of the United States. There is no reason why it cannot be successful in New Castle. But it is up to every resident of the city and the county to get behind the plan if it is to be put over in that way for which New Castle has become famous. In the end, it is up to the individual. I believe everyone wants fine music. And I believe that they will support the organization.

"Many of the leading citizens are very enthusiastic in their sponsoring of the plan. Among those who have lent their whole-hearted support are David S. Pyle, M. D. Wells, Paul Browne Patterson, LaVerne Irvine, Mrs. Grace Phillips Johnson, D. O. Davies, Dr. Loyal Wilson, Roert McKinney, Mrs. John Nothdurft, Dr. Mildred Rogers, Emilie Salomon, Robert L. Meermans, Robert C. Love, Mrs. W. P. Felch, Harry Urmson, Russell Urmson, Dr. H. E. Zerner, Judge William Porter, James M. Smith, Dr. W L. Campbell, Dr. E. M. Parlette, P. J. Flaherty, Frank Burton and C. C. Green."

Complete Plans For Poppy Sales

McBride Veterans' Post To Have Buddy Poppy Sale Saturday

It is the hope of Harry L. McBride post No. 522, Veterans of Foreign Wars, that every resident of this city can and will wear a buddy poppy on May 26, when the annual sale of those reminders of the sacrifices of the boys in the World war will be held in the city under the auspices of the local post.

Girls of the senior and junior high schools of the city will participate in the whirlwind sale on next Saturday and there will be a great contest on between the young ladies to determine who will secure the greatest amount of money for the cause.

It must be remembered that the local post pays five cents for each of these buddy poppies before offering them to the public. This five cents pays for the services of disabled soldiers who make them, another part goes to the national home for orphans and widows maintained in Eaton, Minn., by the Veterans of Foreign Wars and a small balance goes to pay the expense of obtaining the materials in them.

It is hoped that on next Saturday the sale of poppies will have been so great and the returns so generous that the proposed relief work among service men in this district may also be taken care of in a proper manner.

At a meeting of the post held last night final plans for the sale of the poppies on Saturday were made. Indications are that it will be the most systematic of these attempts and that there will not be one thing overlooked to increase the amount of money for use in taking care of disabled World war veterans in this district.

Will Speak At S. S. Convention

Dr. M. Hadwin Fischer To Address At Convention Here June 11

BIG BANQUET TO BE ON PROGRAM

DR. M. HADWIN FISCHER
Ph. D., Th. D.

One of the speakers at the 90th convention of the Lawrence County Sabbath School Association convention which is to convene at the Scottish Rite Cathedral Thursday, June 11, is Dr. M. Hadwin Fischer, Ph. D., Th. D., head of the department of religious education and English Bible of the Lutheran Theological Seminary, Gettysburg, Pa. Dr. Fischer's morning address will be on the subject "Essentials of Leadership" and his afternoon address will be on the subject "Today's Need" which is a very popular study of the boy.

The program for the county convention is an unusually strong one and one of the best conventions in the history of the county association is anticipated. Rev. S. E. Irvine, pastor of the First United Presbyterian church will deliver the convention sermon in the morning and in the afternoon Rev. F. B. McAllister, pastor of the First Baptist church of Royal Oak, Mich., Dr. M. Hadwin Fischer and Rev. Edward H. Bonsall, will deliver addresses. Rev. McAllister will be the inspirational speaker of the evening and as he held pastorates in two churches of the city some few years ago, a crowded auditorium will doubtless greet him.

One of the features of the convention is the Christian Fellowship dinner to be held at 6:30 in the dining room of the auditorium. This will be a happy occasion as, in addition to an excellent meal, brief talks, singing, and music will be in order. Every Sabbath school in the county has been given a quota for this banquet. Tickets are one dollar each and the money should be sent to Mrs. William J. Marshall, county secretary. Those serving the banquet must know well in advance how many to prepare for, so reservations should be made at once.

Another feature that will be very pleasing will be the chorus choir that will furnish splendid singing such as was had at the state convention here last fall. Sabbath school superintendents are urged to report to John W. Owens, director of music, stating how many will be furnished from each Sabbath school. In all probability Mr. Owens will call for a rehearsal some time previous to the convention and notification will be run in this paper.

Danger Of Break In Big Utah Dam Is Over, Report

Engineer Inspects Dam And Announces That Break Has Been Averted

(International News Service)

SALT LAKE CITY, Utah, May 22.—Announcement that the leak across the bottom of Pleasant Valley Dam of the Price Irrigation district had been closed and danger of disaster had passed was made today by state engineer George M. Bacon. After an inspection of the dam, which threatened to collapse and release a great wall of water upon the towns of Helper, Colton and Castlegate, Bacon made the announcement.

Residents of these towns who fled to the hills stored belongings on the mountain sides today, but a majority of them returned to their bare-walled homes.

ATTEND K. OF C. STATE MEETING

Capitolo And Donegan Are Delegates To State Convention Now In Session

Peter P. Capitolo and Thomas L. Donegan of St. Mary's Council, of this city are at York, Pa., attending the state convention of the Knights of Columbus, as representatives of the local council.

In connection with the local council, it is also announced that the regular meeting will be held on Wednesday evening at 8 o'clock in the club rooms on North Jefferson street. Applications for membership for the next class to be initiated will be received at this time.

Burglars Visit Restaurant; Get Some Small Change

Nesbitt restaurant, 31 North Mercer street, was entered some time during the night and about $2 in change and pennies left in the cash register taken.

It is evident that the place was entered by means of the use of a key, as there was no evidence of the door being forced and there was also a note left by Officer Allgier, stating that he had found the door unlocked and had locked it.

When Mrs. Mary Ward and Mrs. Byers, employes of the restaurant, left at eight o'clock Monday night they left the pennies and some larger change amounting to about $2 in all, in the cash register, closing it.

When Lillian Stubbs, another employe, opened up at five o'clock this morning, she discovered the cash register open and no change in it. When Mrs. Ward arrived later it was then discovered that the place had been entered and the money taken. Nothing else of value was taken.

Careful, boys! Debunking can go just so far. After that it becomes as silly as bunk itself.

Six Persons Hurt, Bus Strikes Pole

Courthouse Employes Are Injured As Bus Crashes Into Telephone Pole

New Kensington Father Rescues Four In Family

Fire Awakens Father, Jumps Out Window And Later Rescues Wife And Three Daughters

(International News Service)

NEW KENSINGTON, Pa., May 22.—Surrounded by flames and smoke with his wife and three daughters in a room of their blazing home today Kazimer Wielobob, 40 leaped from the second story window through the flames, secured a ladder and rescued his wife and daughters.

In the meantime three sons and a boarder fled over a porch roof and jumped to safety.

Awakened by the crackling of the flames as they gained way Wielobob attempted to reach the stairs but was forced back. With no other alternative, he jumped from the window and rushed for a ladder. Placing it against the house he directed his wife and three daughters down.

Firemen battled the fire for about an hour before it was brought under control. It was said the flames were caused by defective wiring. Damage was estimated at 3,000.

COUNCIL PLANS TO PAVE HAUS AVENUE

Councilman William T. Burns today during formal session of council at the city building was given council's sanction in his motion instructing the solicitor to prepare an ordinance providing for the paving of Haus avenue between Croton avenue and the first alley north.

It is understood that the measure will be a force ordinance as some property owners do not want the avenue paved.

Pouring Concrete On Edenburg Road

Expect To Finish Road To Edenburg This Week

Woods and Golder Construction company started to pour concrete Monday on the portion of the New Castle-Edenburg which they were not able to finish last fall and all the concrete should be poured before the week is over and the road be usable within 21 days after the concrete is poured.

Most of this road between Parkstown corner and Edenburg was finished last fall but winter weather set in before they could finish. The improvement goes to the top of the grade above the tracks in Edenburg. It is hoped that some time in the near future that a viaduct may be built across the railroad tracks and river at this point.

Approved!
the new price—the correct appearance—the greater comfort of the IMPROVED KOTEX
Was 65c—NOW 45c—putting it within the reach of all women

FASTIDIOUS women are writing us in thousands, approving the New Kotex. They find the new type of corner (scientifically rounded and tapered) "makes far more exquisite grooming"—"brings a total lack of self-consciousness"—"is so thoroughly comfortable and fits so securely, that it gives a composure never before possible"—"it is truly the most important development in feminine hygiene since Kotex first appeared."

A newly-developed Kotex process provides softer gauze wrapping as well as fluffier filler. The discomforts of chafing and similar skin irritation are now entirely eliminated.

KOTEX

Despite expensive improvements in machinery, great demand and consequent doubling of production have permitted a great permanent reduction in regular prices.

None of the features you have always approved in Kotex has been altered in the slightest. Buy a box today, at the new low price, to discover for yourself its many advantages. You will find the remarkable absorbency and disposability unduplicated elsewhere. At all drug, dry goods or department stores.

Aviation Books In City Library

Covering the history of aircraft and aviators from the time of the Wright brothers, the "Boys Books of Airmen" is made available today in the children's department of the New Castle Public Library, according to Miss Helen Minick, children's librarian.

The book is written by Irving Crump, a man well known for his erudition in aeronautics. Commander Richard E. Byrd has prefixed an introduction to the volume, which also contains excerpts from Colonel Charles A. Lindbergh's "We." The book also outlines the late transoceanic flights and ends with a forecast of the future of aviation.

Spring Play Wednesday At Lincoln-Garfield

Annual spring presentation given by hundreds of children of the Lincoln-Garfield school will occur at the school on Wednesday, May 23, under the direction of Miss Cynthia Blaine and Miss Edith Lockhart.

In the production the Queen of the School Year calls her family of 10 months together for an evening of fun. They come bringing their most important children, who dance or perform in a manner fitting to part which they take. All characters will be in costume.

A special feature in the play will be the wedding scene, in which a chorus of 60 voices, standing behind a screen of ferns and palms, will sing "Oh, Promise Me", while the bride and groom pass through an arch of swords held by 10 boys dressed all in white. Preceding the bride and groom will be the tiny ring bearer carrying the ring on a white satin pillow, and two tiny flower girls from the kindergarten will make the bride's path gay with pink roses.

Misses Ida Plant, Annabelle Randel and Mary Laughlin are in charge of the physical work. Miss Margaret Sankey has trained a special chorus of 60 voices.

Eleven Killed In Germany As Poison Gas Tank Explodes

Eleven Killed, And Injured List Placed At Ninety; Probe Is Opened

(International News Service)

HAMBURG, Germany, May 22.—Scenes resembling actual warfare accompanied the explosion of a tank of wartime poison gas here when 11 persons were killed and 90 injured.

The explosion took place yesterday, but it was not until today that the casualties were definitely known. Among the dead were four firemen and five policemen.

Berlin rushed experts and gas masks to fight the fumes, giving a foretaste of "the next war."

The tank, which was in Dr. Hugo Stolzenburg's chamical factory, was filled with phosgene fluid. The firm explained it was the last of the war gas which is now being used for the manufacture of dyes, which are mainly exported to America.

A rigid investigation has been ordered.

Local Lady Tells How Ten Herbs Benefited Stomach And Liver.

"I know now that the statements I read in the paper regarding the merits of Ten Herbs were true, as your medicine seems to have cleansed my system of all the waste matter and impurities that were causing me so

MRS. HELENE ANDERSON

much trouble," was the statement of Mrs. Helene Anderson, 113 Quest St., New Castle, to the Ten Herbs Man, who is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily demonstrating this great natural medicine to crowds of men and women.

"A severe cold left me in a run-down condition, and there were pains through my shoulders and chest," Mrs. Anderson continued. "My stomach was in a very bad condition. I would bloat with gas and could not get any relief. My liver was disordered; and at times my complexion was sallow, and there would be 'liver spots' on my face. I was subject to dizzy spells and severe headaches. Sometimes my whole body ached. My nerves began to trouble me and I felt depressed most of the time. I was continually taking laxatives to overcome constipation, and had to keep increasing the dose to get results.

"I read in the paper of so many persons being benefited by Ten Herbs, that I started using your medicine. In a few days I felt better, and now all my health troubles are ended. The pains through my shoulders and chest are gone. My stomach is in better condition, and I am no longer troubled with gas or bloating. My complexion has been greatly improved, and the 'liver spots' have disappeared. Dizziness and headaches have been relieved. My bowels are so regular it is no longer necessary for me to use laxatives. I am pleased to recommend Ten Herbs to the public."

The Ten Herbs Man is at Eckerd's of New Castle, Inc., 30 East Washington Street, this city, where he is daily meeting the public and explaining the merits of this medicine. He will be glad to tell you how to take it to get the best results.

Predict Stormy Future For New German Cabinet

Nationalists In Germany Prepare For Bitter Warfare When New Cabinet Convenes

SOCIALISTS SEEK PEACE AND HARMONY

(International News Service)

BERLIN, May 22.—Embittered by their rout in the general election, leaders of the nationalists today began making preparations to wage war against the Socialists when the new cabinet and the new Reichstag come into power next month.

Count Westarp and his fellow leaders of the radical faction of the Nationalists predict that the next cabinet will not last long and that the new Reichstag will encounter continued obstacles.

While the Communists gained seats in the Reichstag, there is little likelihood of any Communist being taken into the government. Predictions are being made that the "Grand Coalition" will consist of Socialists, Democrats, Catholic Center party, Bavaria Peoples' party and the German Peoples' party. Foreign Secretary Stresemann is one of the leaders of the German Peoples' party.

Leaders of the victorious Socialist party declared they would work for European peace and harmony.

Premier Braun, of Prussia, was being hailed throughout Germany today as the most logical man to succeed Dr. Wilhelm Marx as chancellor.

Work Feverishly To Prevent Break Of Big Utah Dam

Five Hundred Men Work With Sand Bags And Earth To Avert Flood Disaster

(International News Service)

SALT LAKE CITY, Utah, May 22.—The Pleasant Valley dam above Castlegate, which threatened to break yesterday flooding vast areas was still holding today, according to authentic reports here and confidence was expressed that disaster will be averted. A force of five hundred men worked throughout the night plugging the leaks and bolstering the dam with sand bags, cement and earth with the result that the eroding effect of the accumulated material was checked.

Today workmen were endeavoring to lower the reservoir level to the safety point by cutting away the top of the dam and permitting the surplus water to flow out gradually enough to prevent floods in the canyon.

Buell Is Elected To Head District

New Castle Man To Have Important Work Of Elks In Charge

Clark H. Buell, esteemed leading knight of New Castle lodge, No. 69, B. P. O. E. has been honored by the Elks lodges of Pennsylvania, Northwest district, by being elected president of Elk lodge committees at an election held recently at Sharon.

Other officers named follows:

First vice president, Frank L. Bensinger, Franklin; second vice president, Charles F. McBride, Sharon; secretary, T. C. McConnell, Ellwood City, and treasurer, Fred MacGribble, Woodlawn.

The Elk lodges of the northwest district are sponsoring a Student Aid fund and plans for the administration of this endeavor are being completed as rapidly as possible.

Owing to the large amount of legal work required, it will be some time before the fund will be able to function. It will be operated similar to the Harmon foundation of New Castle and will be rated as a class A corporation operating without profit.

Aid will be extended to worthy students, boys and girls, to complete their education, without regard to race, color or creed. It will be handled by an executive board, comprising one representative from each lodge in the district.

Clark H. Buell is the representative of the New Castle lodge and was a member of the original committee that prepared the plans which have now been approved by the lodges and which will be submitted to the grand lodge for final approval.

It is anticipated there will be many applications from students for aid but assistance will be extended only where the student measures to the standard set by the executive board.

Jolly Bowl Is Being Erected

Permit Issued To Contractor Musser; Jolly Is Promoter

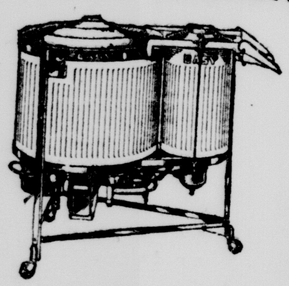

Carpenters today commenced erecting the Jolly bowl, for purposes of staging boxing matches, as governed by the commonwealth of Pennsylvania, at Grant and Sampson streets.

The permit was issued to N. E. Musser, contractor, who has been engaged by William Jolly. The fence will be of sheet iron and the bleachers will be wood. It is believed the bowl which will accommodate 7,000, when built will be completed during the next 10 days or two weeks. The permit was issued to Musser representing Jolly today. The structure will cost approximately $5,000.

House To Vote On Retirement Bill

(International News Service)

WASHINGTON, May 22.—Federal workers won a victory today when the house rules committee decided to bring the Dale retirement bill to a vote.

The measure increases the maximum pension from $1000 to $1,200 annually, and permits retirement after 30 years' continuous service, with a two-year credit against the automatic retirement age.

The bill has already passed the senate. Its estimated cost is $30,000,000 a year for 30 years.

Cruelty Leading Charge In U. S. Divorce Records; Desertion Comes In Second

By ROBERT S. THORNBURGH
International News Service Staff Correspondent

WASHINGTON, May 22.—When a man or woman marries it's a 15 to 100 shot that it won't last long.

And the odds, the census bureau revealed today, are getting higher that the marriage will go onto rocks of infidelity, poverty, innate meanness or just natural incompatibility.

Final figures for 1926—the last available—showed that there were 180,853 divorces against 1,202,574 marriages. The divorce ratio was 1.54 and marriage 10.27 per 1,000 population.

Most marriages dissolved by divorce in any one year were contracted naturally in earlier years," the bureau's analysis said.

"If the divorce rate continues to increase the ratio between divorces and marriages of a given year will somewhat understate the probability of divorce for the marriages of that year."

The principal causes of divorce in 1926 were cruelty 69,005, desertion 57,003, infidelity 16,710 and drunkenness 2,774.

More than 90 per cent of the drunkenness divorces went to women. The percentage of separation for this cause has increased steadily since 1922.

In the period from 1887 to 1906, 3.9 per cent of the divorces were granted because of drunkenness, and in 1916, 3.4 per cent.

Women Lead.

Of the total divorces 126,563 were granted to women and 52,287 to men. A few were unclassified. The chief complaints against wives were that they were unfaithful, or were guilty of cruelty or desertion. Husbands were guilty of all these things and in addition they imbibed too freely or had a failure-to-provide complex.

"It may be that husbands, more often than wives, give occasion for divorce, but the much larger proportion of divorces granted to the wife is, in general, due to the fact that for her there are more legal grounds for separation," the bureau said.

"When each party wants the divorce it is probable that the wife, more often than the husband, makes the application."

Men's morals apparently are improving slightly, the bureau observing that there has been a general decrease in the number of infidelity divorces to wives in the last few years. On the other hand cruelty is a more frequent complaint than in years past.

The increase in divorces in 1926 was especially large in the states of Vermont, New Jersey, North Dakota, Kansas, Maryland, Florida, Kentucky and California. The largest declines were in new District of Columbia.

Striking contrast is disclosed by the variations in causes of divorce among the different states. For infidelity 0.3 per cent of the divorces were granted in Nevada. Of New York divorces 93.6 per cent were for this cause. For cruelty 0.2 per cent in Virginia and 69 per cent in Michigan. For desertion 5.2 per cent in New York and 92 per cent in New Mexico. For drunkenness less than one-tenth of one per cent in Michigan and 2.6 per cent in Rhode Island.

You Can Sit Down While You Iron!

It's those long weary hours of standing bent over an ironing board that make ironing the dreaded task it is—that leave you worn out, exhausted—too tired even to put away the clothes you've just ironed!

The Perfection Electric Ironer changes all this. Now you can sit in a comfortable chair and just feed the pieces through—the machine does all the work. It's entirely automatic—just the slightest touch on the control pedal starts and stops it—and you have both hands free to guide the work. The open-end roll allows you to slip a skirt or dress right over the entire length of the roll! The Perfection connects to any convenient socket just like your flat iron, and is just as economical. And the wonderful part is that it irons everything—shirts, collars, dresses, fancy work—as well as flat work. And it *presses*, too!

Florence Knapp Collapses; Trial Granted Recess

Justice Callaghan Orders Court Recessed Till Wednesday As Defendant Swoons

TAKES SUDDENLY ILL IN HOTEL ROOM

By RAYMOND I. BORST,
International News Service Staff Correspondent

COURTROOM, ALBANY, N. Y. May 22.—Collapsing from the strain which she has been under for the last month former Secretary of State Florence E. S. Knapp today was ordered to bed by physicians and a recess was taken in her second trial until tomorrow.

Mrs. Knapp is on trial a second time before Supreme Court Justice Callaghan on a charge of stealing census money.

Announcement that Mrs. Knapp was too ill to come to court was made by her attorney P. C. Dugan as soon as court was convened today.

'I understand Mrs. Knapp's illness is only temporary and she may be able to come to court tomorow" Justice Callaghan said.

Julia Smith of Bedford, Mass., sister of Mrs. Knapp announced however that the former secretary of state had collapsed.

"My sister has collapsed" said Miss Smith as tears came to her eyes. 'I do not wonder considering the strain she has been under for the last month.

Mrs. Knapp was taken suddenly ill when she returned to her hotel room shortly after 9 o'clock last night from the court room. She had attended a ten hour session of court at which the jury that will decide her fate was chosen.

Falls From Porch; Woman Is Killed

Railing Gives Way And Aged Woman Falls To Ground; Daughter Hurt

(BULLETIN)
(International News Service)

BRADFORD, May 22.—An aged mother was killed today and her daughter suffered injuries when they fell from the second story porch of their home on Bank street where they had been doing a part of their spring housecleaning.

Mrs. B. F. Freeman, 80, was killed. Her daughter, Mrs. Margaret Cook, was taken to the hospital where she was examined and found to have suffered only minor injuries.

Mrs. Cook and her mother, with whom she lived, were housecleaning, according to the daughter, and were on the porch of the house washing bedsprings when the porch railing suddenly gave away. Both fell to the sidewalk. Mrs. Freemen, landing on her head, was rendered unconscious. Her daughter, only stunned, called to her neighbor, Miss Katherine Fitzgibbon, who with her mother ran to their assistance.

The two women were carried to the house where Mrs. Freeman died a half hour later.

Congressman Swick Attends To Duties

Arm In Sling But He "Carries On" As Member Of Congress

By GEORGE H. MANNING,
(Washington Correspondent of The News)

WASHINGTON, D. C., May 22.—Congressman J. Howard Swick of Beaver Falls, has kept abreast his Congressional duties despite the injury to his left shoulder which makes it necessary for him to go about with the left arm in a sling.

Congressman Swick was injured in an automobile smashup ten days ago near Baltimore. Swick was driving his car with four of his colleagues as passengers when a roadster struck the machine with terrific speed, damaging the car beyond repair and injuring the four congressmen. Swick's injuries were the most serious.

The left shoulder is fractured and several ligaments torn. The injuries are healing slowly but Swick admits he should have remained in bed for several days.

Among his colleagues, Swick has proved himself a better physician than patient.

Youthful Professor Released At Penn

Irregularity In Meeting Classes Causes Dropping Of Youthful Philosopher

(International News Service)

PHILADELPHIA, May 22—Solomon Auerbach, 21-year-old philosophy instructor at the University of Pennsylvania, today charged that he has been dismissed from the faculty because of his socialistic activities.

"The real reason I was fired," he said, "was because I held opinions concerning Soviet Russia that were not pleasing to the university authorities."

Dr. Edgar A. Singer, Jr., chairman of the department of philosophy, contradicted Auerbach. He said Auerbach was ousted because of his "irregularity in meeting his classes."

British Woman Doctor Reviews Channel Hoax

(International News Service)

LONDON, May 22—One of the most sensational hoaxes in recent years was recalled today when Dr. Dorothy Logan, otherwise known as Mona McClellan, appeared before the general medical board for a discussion of her confession that she falsely claimed to have swam the English Channel. The case created a tremendous sensation last year.

Dr. Logan, who was as well known as a swimmer as she was as a physician, announced her intention of swimming the channel from Cape Gris Nez, on the French coast, to England.

She apparently set out from the French coast, and some hours later appeared on the English coast, claiming to have made the swim. Her claim was supported by several persons who said they accompanied her by boat.

For a few days Dr. Logan was lionized, then doubts began to arise. Her claim was questioned and Dr. Logan confessed. She was summoned to court and fined $500, her defense being that she did not commit the hoax to gain financially, but to draw attention to the necessity of rigid control over attempts to establish new athletic records.

Noted Japanese Physician Dead

LONDON, May 22.—Dr. Hideyo Noguchi, world famous Japanese physician and discoverer of the South America Yellow Fever germ, who died at Accra, West Africa, was universally lauded today as a martyr to science. He died of the disease he had spent his life battling against—the Yellow Plague. His death took place while he was conducting experiments to obtain new methods of fighting the scourge. He became innoculated from his own experiments.

Dr. Noguchi went to West Africa last year for the Rockefeller Institute for Medical Research. After contracting the disease in January he watched his own case and made valuable scientific notes for the guidance of future doctors. He calmly watched the approach of death, giving it no thought so intense was his interest in his studies.

The Japanese physician was recently hailed as one of the 10 greatest living Japanese.

Plans made for abandoning the Martin Gantz public school on North Jefferson street, as outlined at the recent meeting of the school board, bring to mind of some New Castle residents, their early days spent in the old school. It is the first school that was used in New Castle as a public school.

Built In 1851.

Martin Gantz school was built in 1851, according to H. E. McGoun of North Mercer street, who says as far as he knows, he and Matina McElevy of McCleary avenue, are the only surviving scholars of the school when it was first conducted there.

Martin Gantz school was the first public school in New Castle according to Mr. McGoun who says that he went to a private school taught by Mary and Margaret Tidball in rooms above the home of their brother, Dr. Tidball, on East street where the Cochran building now stands. Mr. McGoun says that he does not remember whether he went the first year the new school started or continued at the private school another year, but he believes that he went the first year it was opened.

Recalls Teachers' Names.

The names of six of the seven teachers of the school that first year are remembered by Mr. McGoun. William Travis was the first principal. Other teachers were Martin Gantz, who afterward became principal, Miss Townsend who afterward married Mr. Gantz, Margaret Sheal afterwards Mrs. James Moffat, Lyda Loy, afterwards Mrs. D. S. Morris, Mary Horner and Margaret Porter. Mr. Travis did not teach according to Mr. McGoun.

Mr. McGoun said that at that time the borough of New Castle was included in the territory between the Shenango river and the Neshannock and extended as far north as Grant street. East of the Neshannock creek was Reynoldstown and west of the Shenango river was Mullentown.

Auditorium on Third Floor.

The building when built consisted of three stories and had seven class rooms as Mr. McGoun recalls it. The upper story had a large auditorium which was used for different meetings including the services of the Free Presbyterian church which afterwards became the Central Presbyterian church of New Castle. As he remembers it, the building originally had some five or six steps up into the front entrance.

At that time the curriculum had none of the modern frills says this lad of '51 but included little more than "Three R's" with geography. In room 7 which was taught by Martin Gantz some of the higher branches were taught and this was considered the high school. There were no classes in physical education or dramatics, etc. Their gymnastics consisted chiefly of ball games. One game he recalled they had a great amount of sport with was what they called hill ball. They would get a large ball on the Shaw hill and start it rolling down the steep hill when all with "shinney" clubs would try to drive it back up the hill. The parents objected to this game as it wore their shoes out on only one side.

NATIONAL JUNIOR LEAGUE SESSIONS TO OPEN TONIGHT

(International News Service)

NEW YORK, May 22.—Delegates, representing the National Junior League, from 104 cities throughout the United States and Canada gathered here today for their annual convention which opens tonight and lasts until Saturday.

BOY'S TALE MOVES SAND PILE

Because Bruno Bogden, nine-year-old Chicago boy, told police that his missing playmate, John Pyrek, eight, had disappeared in the piles of sand in the yards of a sand and gravel company, a steam shovel worked at top speed all day to move the small mountain of sand in a vain attempt to recover the boy's body. Then Bruno changed his story, saying that his chum had fallen into the river. Bruno then was locked up while police continued their search. Photo above shows the steam shovel at work on the sand pile. Below Bruno is shown with another playmate, Freddy Tarcznowicz, eight, pointing out the spot where he believed his chum disappeared in the sand.

Caliphs Meet On Wednesday

Summer Ceremonial To Take Place At Cathedral Tomorrow Night

LARGE CLASS WILL BE SHOWN MYSTERIES

Mysterious looking boxes have been going into the Scottish Rite Cathedral all day today and furtive looking men with caps pulled down over their ears have been checking them off. A plot against the government was suspected until it was discovered that Wednesday evening, May 23, the Caliphs of Bagdad were to put on their summer ceremonial.

From every English speaking county in Western Pennsylvania, visitors are expected for the event, and Caliph Howard B. Richards, who is incommunicando today, is expecting it to be the biggest affair of its kind ever attempted.

The Forty Thieves are ready for their nefarious work, the degree workers and the Oriental Band are all shined up waiting for the word to go, and the goat has been fed on wild strawberry roots in order to make him even more savage.

A large list of candidates will be initiated into the order, a program of entertainment will follow the Inquisitors who put on the degrees, and after that a lunch will be served, providing the candidates are in shape to eat it. Lunch will also be served to all members and visitors.

Threaten Textile Stoppage As Means Of Averting Strike

Great Britain May Take Steps To Stop Cotton And Woolen Industries

(International News Service)

LONDON, May 22.—Possibility of a stoppage of the cotton and woolen textile industries of Great Britain was seen today in Great Britain.

In the case of cotton, Britain's chief export industry, the master spinners and manufacturers are to ballot on the question of announcing a lock-out to enforce a 12½ per cent reduction in wages and a longer working week.

Both cotton and wool textile industries are involved in an ultimatum by the operative dyers' trade union threatening a strike on June 2 unless they are given a wage advance.

Negotiations between the master spinners and manufacturers on one hand and the workers on the other have been in progress for some time, but no compromise could be reached regarding a longer working week.

The dyers' ultimatum is addressed to 400 firms in the cotton and woolen industries and directly concerns 80 mills in Yorkshire, Lancashire, Derbyshire and parts of Scotland.

Nearly 500 Books Added To Library

Since May 1, 462 new books have been added to the children's department of the New Castle Public Library, it is announced this morning by Miss Helen Minick, children's librarian.

Among the new books, volumes of special interest are:

Games For All Occasions, Mary E. Blair.

Nursery Rhymes, Claude Lovat Fraser.

Joli, Johann Spyri.

The Magic Boat, Lulu E. Wright.

David Goes To Baffin Land, David B. Putnam.

Practical Book of Home Repairs, C. Fraser.

Boy's Life of Col. Lawrence, Lowell Thomas.

Drake's Quest, [illegible]

Half Pint Shannon, Paul Anderson.

Shut-down cotton mills are a depressing sight, but something of the kind might have been expected when the klan unmasked.

Commercial Teacher Urges Cooperation Of Merchants

That the merchants of New Castle should be on their guard in regards to the employment of girls of the Senior High School commercial classes, and further, that the business men of the city should always secure a recommendation for the girls of these classes which they intend to employ, were two of the points emphasized by the head of that institution's commercial department, yesterday.

"It is the desire of the teachers in charge of commercial work at the Senior High School," states H. D. Book, the departmental head, "that before a merchant employs a commercial graduate of our school, that he first secure the recommendation of some commercial teacher at the school."

"In the past," Mr. Book continues, "a number of girls have been employed by merchants who have not consulted with the high school teachers, and as a result the case has proven a failure, when, if the merchant had but asked our instructors for a recommendation of the applicant, the former would have probably given a fairly definite answer to his inquiry, and the possibility is that the failure would not have occurred.

"Quite often a student has the ambition to be a stenographer or clerk, but has no qualifications for the position. Here at the Senior High we are with the students for three years and at the conclusion of their course should have a fairly definite idea of the student's personal qualifications."

Business men who would care to inquire of the teachers concerning the ability of a certain commercial graduate are privileged to call either Prof. F. L. Orth, principal of the school, or Mr. Book, the head of the department.

House Passes Postal Night Clerk Raise Over Coolidge Veto

(International News Service)

WASHINGTON, May 22.—President Coolidge suffered defeat today in his first veto brush with the present congress.

By the overwhelming vote of 319 to 42, the house re-passed over his veto the Sproul-Moses bill which grants night postal workers a 10 per cent increase in pay.

In his veto message some days ago, the President estimated the measure would cost the government $6,456,000 annually. The bill now goes to the senate.

Once it was blue blood that made aristocrats; now it's the greenbacks.

Shabuoth Services At Temple Israel

Jewry the world over will open its celebration of the Feast of Pentecost, known in Hebrew as Shabuoth, on the evening of Thursday, May 24, 1928. The Bible appoints one day for the observance of this festival. Being one of the important Jewish festivals, it has been celebrated with great joy and festivity throughout its history. In modern times it has become one of the most impressive and inspiring of all Jewish holidays. Its celebration marks the anniversary of the day when the children of Israel received the Ten Commandments on Mount Sinai, and it commemorates the event which proclaimed for the first time the idea of instructing the great masses in their faith. Its value to Jewish life and its message to all mankind is, therefore, of far-reaching significance.

Originally, this festival of Pentecost, like the Feast of Passover and Tabernacles, was instituted as a nature festival. Living in Palestine, agriculture was the chief occupation of the Jewish people. And there the season of the grain harvest lasted for full seven weeks. It began with the reaping of the barley harvest at the opening of spring, and it ended 50 days later with the concluding day of the wheat harvest. With thanks and praise to God the Jews would offer the first fruits of the wheat harvest at the temple in Jerusalem. On that day there was great joy and gladness. And to commemorate this joyous event in Palestine, the Feast of Pentecost was established.

But with the flight of time and the change of environment and circumstances of the Jewish people this festival has undergone a long process of development. As the Jewish people no longer occupied itself with agriculture primarily, the agricultural background of this holiday waned in its appeal to Jewry, and the festival came to be associated with historical events in Jewish life.

There developed the conception that the Feast of Pentecost marks the day upon which the children of Israel received the Torah at Mount Sinai from the hands of Moses. Moses had liberated his brethren from Egyptian bondage. But he realized that in order they should be free men in the real sense of freedom, he must likewise liberate them from the spiritual bondage of Egypt. He realized that a people to be free must have a spiritual life of its own which would guide it in its daily life. He realized that a people to be free must be instructed in its spiritual heritage. This Moses felt, and this he achieved by giving the Torah to the children of Israel. And this act of Moses virtually forged the Jewish people into a spiritualizing force in the world, and sounded its signal message to all mankind.

The Book of Ruth is read on this festival because it emphasizes the twofold background of Pentecost. It depicts the harvesting scenes, and it tells of Ruth's realization of the meaning of the message of Judaism.

Today, this festival of Pentecost is greatly enhanced and strengthened by the impressive confirmation service held in all Reform Temples and modern synagogues. This solemn consecration of the young boys and girls to their faith has become one of the most inspiring features of Jewish life in America. Having been taught the history and doctrines of Judaism, the confirmands then solemnly declare to abide by these principles with steadfastness. This Pentecost service carries a direct appeal to both young and old. It becomes a renewal of the historic episode enacted on Mount Sinai. And it designates that from generation to generation the Jewish people vow to hold fast to the teachings of the Torah.

"At Temple Israel Shabuoth services will be held Thursday evening at 7:30 and Friday morning at 10:30. The confirmation service will be held in connection with the evening services on Thursday at 7:30."

SPECIAL SERMON AT SECOND BAPTIST

On Thursday evening, May 24, all fraternal organizations of the city are invited to attend the revival services now being conducted in the Second Baptist church, West North street.

Dr. A. J. Payne, who is assisting the pastor, Rev. W. W. Nelson, will deliver a special message to the several organizations.

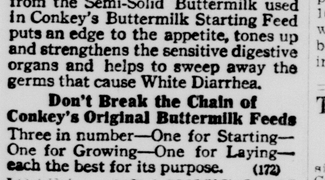

The meeting will continue each evening this week with the exception of Saturday evening. All candidates will be baptized on Sunday evening, May 27, at the close of the evening service.

The revival is meeting with great success. There is a fine interest shown and each service is well attended.

NAME IS ADDED TO HONOR ROLL

In addition to the list of honor roll students of the senior high school for the recent report period, which was published recently in this newspaper, is the name of Dorothy Kinney, a junior at that institution.

Miss Kinney has been an honor roll student for some time, but for some unknown reason her name was omitted from the recent list.

Mr. Tiger:

The regular Sunday meeting of the Tiger's club has been changed to the first Monday of each month at 8 p. m., until further notice. Important business will come up at the next meeting.

Temperature Went Below Freezing

Weather Bureau Record Shows Two Snappy Mornings Last Week

Week ending May 19 showed a minimum temperature of 29 degrees on Sunday morning, May 13, and a maximum of 78 degrees on Tuesday, May 15, and Friday, May 18, according to the report of the local station of the City of New Castle Water company.

The heaviest rainfall during the week up until Saturday evening was a little over half an inch on Friday, May 19. The total rainfall for the week was a little short of an inch, 93 inches being reported.

The average temperature for the week is given as 58 degrees. The mean maximum temperature was 71 and the mean minimum was 45. There were two mornings when the temperature was below freezing. That was on Sunday and Monday mornings and on Tuesday it was still below the frost line with temperature of 35.

Three clear days were reported the first of the week, with two cloudy in the middle of the week and the week ending with two partly cloudy.

Hillsville To Have New School Building

School Selects Architect For A Twenty Room School Building

At a meeting of the board of school directors of Mahoning township held at Hillsville last night the W. G. Eckles company were selected to draw up plans and specifications for the new 20-room school building estimated to cost over $100,000 that will be built in Hillsville.

The bond of $100,000 for the building of the much needed building was passed at the last election and the architect selected last night to proceed with the work. Robert Eckles of the W. G. Eckles company says that they have been asked to prepare plans for a building containing 16 to 20 rooms. Work on the plans will be started at once so there will be no delay in getting the new building started.

Try This Simple Method For Blackheads

If you are troubled with these unsightly blemishes, get two ounces of Calonite powder from any drug store. Sprinkle a little on a hot, wet cloth and rub over the blackheads. In a few minutes every blackhead, big or little, will be dissolved away entirely.

Mother Of Thirteen Children Insists Family Large Enough; Causes Arrest Of Husband

(International News Service)

BRIDGEPORT, Conn., May 22.—"It was the mistake of my life when I married him. I don't think it's right to go on bringing children into the world when they won't be properly cared for. And I love children—don't misunderstand!"

These assertions were made today by Mrs. Ethel Cromwell, 35, mother of thirteen children who has caused the arrest of her husband, Edward, 39, because she wants no more babies—at least not while her teamster husband brings home from $18 to $30 a week, depending upon how long he works.

Cromwell was arrested after his wife appealed to the authorities to take charge of her husband who is an advocate of still larger families. He is in jail in default of bail pending hearing Thursday. The police at first were at a loss as to what charge to press against him but finally resorted to that of "technical breach of peace."

Mrs. Cromwell does not speak harshly of her husband. Edward seldom spends money for drink," she said, as though making an effort to be fair to him. "But he has not the right sense of economic relations in the raising of a big family. He insists on more children, saying the Lord will provide for them in some way, yet year after year they struggle along with me in poverty. I don't think it's right."

Citizens Raise $200,000 To Buy Big Forest Plot

(International News Service)

HARRISBURG, May 22.—Governor John S. Fisher said today that he has been informed that those interested in the acquisition of the Cook forest in western Pennsylvania this week will complete the raising of the $200,000 fund which will make available a $450,000 appropriation for the purpose.

Under the provisions of the appropriation act passed by the last legislature, those interested in acquisition of the tract were required to raise $200,000 before the state funds would be available.

Jeritza Quits Vienna Stage

(International News Service)

VIENNA, May 2.—Mme. Maria Jeritza, famous Austrian opera singer and beauty, has quit the Vienna State Opera and will never sing here again, she announced today. The trouble arose over a French decoration. When the intimation came from Paris that the French government intended to decorate Mme. Jeritza and several other singers, the prima donna expected to receive the insignia of the Legion of Honor. When she got only a minor decoration known as "Officer of Public Instruction" she immediately blamed the director of the opera company and resigned.

Mayor Endorses Civic Music Plan

Tells President Pearis Of His Endorsement Of Local Project

Heartily endorsing the New Castle Civic Music association Mayor William H. Gillespie today released a letter to Herbert Pearis, president of the association in which he sets forth his position in the matter of civic music. The letter follows:

Mr. Herbert Pearis,
President, Civic Music association,
New Castle, Pa.
Dear sir:

It has been called to my attention that this week is to be observed in New Castle as Civic Music Week.

Our community has had a reputation for being lovers of good music, and it would seem that this week gives them still another opportunity to put themselves on record as such by supporting this newly organized Civic Music Association, which is being sponsored by more than 100 of our representative men and women, and who will give both time and effort towards securing additional members in this civic movement for good music.

This plan, as outlined by you, seems to be very fair, businesslike, sensible, and economically sound. I sincerely hope that it will be supported by the entire community so that the membership campaign will be a marked success.

I am always ready to support any movement that makes for a better New Castle, and I am glad to give this civic music plan my whole-hearted endorsement.

Very Sincerely
WILLIAM H. GILLESPIE,
Mayor of New Castle.

Here In Interest Of Bond Issue

Pittsburgh Man Presents Need Of Approval Of Welfare Bond Issue

Lincoln C. Carson, former managing editor of the Gazette-Times of Pittsburgh, is in New Castle today conferring with leading citizens in the interest of the Citizens committee for the Welfare Bond Issue.

This committee, of which Owen J. Roberts of Philadelphia is chairman, was formed to conduct a state-wide campaign in favor of the $50,000,000 bond issue to be voted on at the November election to provide a 10-year building program for state institutions. Of the needs of these institutions, Mr. Carson says:

"The work of caring for unfortunate persons of Pennsylvania's population—the insane, feeble-minded and epileptic—is being done under most distressing difficulties. The institutions are over-crowded and there are large waiting lists; the equipment is poor, the staffs are very small and the living conditions are bad. The rapid increase in these unfortunate cases, in the absence of proper corrective measures, has already become a serious menace to the social welfare of the commonwealth."

It might help some if warring nations were compelled to give back colonies when they can keep the payments.

Even in this divorce era people continue to have large families. They just seem small because they aren't related.

Canary Is Foster Mother

Rhode Island Hen Fails To Keep In Her Class

Voit's Hen In Bad Again

Robert Lee Moore, youngster of Clenmore boulevard, has a canary and therein lies a story—a unique story.

The canary wanted to set and the canary bird eggs did not prove fertile.

Robert found the eggs of a ground bird and a robin and though much larger than a canary egg, placed them in the cage.

Mrs. Canary promptly sat and kept setting.

In due time there arrived a ground bird and a robin. The robin grew fast and like the ground bird, thrived.

Robin Starts Battling.

The canary mothered them both. Whenever the robin opened its mouth the canary had a chance to do a disappearing act but didn't.

Finally the robin got "chirpy". It commenced to beat the small ground bird.

Robert was in a dilemma. The robin was bigger than the canary and that furnished another dilemma.

So Robert went on a run for a robin's nest and finally discovered one, tiptoed to the canary bird's cage, took the robin in his small hand and gave it to a mother robin.

He still has the ground bird in the canary cage with its foster mother.

Egg Like Large Marble.

And this leads to another story of a birdlike nature—and also unique because it concerns that Rhode Island Red hen belonging to Carl Voit of Glenn avenue.

Not so long ago the Rhode Island Red laig an egg which weighed five ounces and had been termed the champion egg producer of the city.

But Mrs. Rhode Island Red took an awful fall yesterday and her production dropped almost to nothing, according to Voit, who produced another unique egg as proof today.

Her downfall from the titular class came when she laid an egg as small as a banty hen's egg yesterday. In other words Mrs. Rhode Island Red as an egg producer is something of an "in-and-outer".

Lions Hear About Recent Convention

Ramsey Tells Of Efforts Made To Land Next State Convention

Reports of the 1928 convention of the Lions clubs of Pennsylvania were given to the New Castle club by A. H. Bartlett and Earle Ramsey when they met at noon today in the main dining room of the Elks club.

Mr. Bartlett who made the principal report, suggested that the New Castle club arrange a sensible program for the help of blind people. He also cautioned the club that in order to succeeed they must have a well balanced program and offered as a suggestion a blind clinic be incorporated with the new Jameson Memorial hospital.

The work that New Castle did to get the 1929 state convention was told by Mr. Ramsey.

William S. Wright and Herbert Pearis as special guests, spoke in behalf of the new Civic Music association. The club promised to have several men assist in the membership campaign Friday. James W. Cole, secretary of the Chamber of Commerce was also present at the meeting.

NATURE RENEWS LIFE IN THE SPRING

No Need for You to Drag Around Half Sick Now World's Tonic Will Put You Up to Enjoyment of Life

Thousands of people are miserable every Spring. They think they have "Spring fever," and many of them have come to believe they must go through just so much misery every Spring.

Now what ails people like this is that their blood is full of poison, which in turn has come from the colds, confinements and rich foods of winter. Often the colds leave an inflammation of the membranes of the nose and throat that developes into catarrh. Such people feel tired all the time. They want to hang around the fire and bask in the sun. Their food doesn't taste good, and they haven't any energy.

Cheer up, old friend! What you need is a good medicine that will do three things: First, clear out your system, helping nature to get rid of all waste. Second, purify your blood and help nature enrich it. Third, correct the catarrhal condition before it gets serious.

Thousands of people depend on World's Tonic every Spring. With it they literally make themselves over, recovering energy, getting rich blood that fills them with ambition, and stores up an abundance of the vim and zest that make life worth living.

Don't drag around any more. Get a bottle of World's Tonic at Paisley's, McKee's Kut Rate Store, Smith's, Eckerd's of New Castle, Inc. or any reliable druggist. You will never regret the dollar it costs you. (272)

Pollock Writes Brilliantly On French Politics

New Polling Plan Furnished Lively Election In France

CABINET LIKELY TO GET CONFIDENCE VOTE

James K. Pollock, Jr., formerly of New Castle, a professor of political science at the University of Michigan, in a brilliant article in the New York Herald-Tribune, written from Paris ably describes political conditions in France.

He details the new polling plan which recently furnished a lively election and says that the few restrictions on candidates caused a flood of 'nominees'. He tells how an Anarchist candidate put up a poster saying people should not vote and especially not to vote for him.

He goes on to describe how the Reds sought to weaken the Left for propaganda purposes and in summary writes:

"Since the left groups and the right groups are now of about equal strength, the Moderate Radicals will be the arbiters of the destiny of this and future cabinets" referring to the assembling of the new chamber in the first week of June which will likely give the government a vote of confidence.

"The balance of power" the article continues "has shifted slightly rightward, even more than was predicted by keen political observers. But the victory was not so much to the right as to lead to the conclusion that M. Poincare will be forced to depend upon the right and center parties alone for his support. As a matter of fact, the premier is understood to desire the present government of National Union to continue so that some of his support should continue to come from the Radical Socialists.

Continue Rehabilitation

"The signs therefore point to the conclusion that M. Poincare will be enabled to continue his work of financial rehabilitation. No one can say just when he intends to bring his plans to consummation. Perhaps stabilization will be postponed for some time in order to keep the chamber in line behind the present government.

"But when once the financial security of the country appears to have been accomplished, then one would be bold to predict the continuance of Poincare. Politics has to have its day and it would not be natural to expect the chamber to follow Premier Poincare for four years.

"In some quarters that has been uneasiness about the effect the elections will have upon foreign affairs The present policy of Briand should encounter no difficulties in the new chamber, at least not as long as M. Briand is there to sponsor it. It seems clear that one need not expect international accord to suffer any rifts on account of the French elections. The present satisfactory relations existing between France and Germany should continue.

"In a word" Pollock continues "the French elections have not disturbed the existing government. Neither have they disturbed the existing international situation. They have therefore been negative rather than positive in their effects. Quite in contrast to the elections of 1924, those of 1928, have been largely concerned with interior, and not with foreign politics. M. Poincare has greatly enhanced his prestige and the politicians have produced a chamber to their liking. Everybody should be happy."

How To Achieve Beauty

By MME. HELENE RUBINSTEIN
Noted Beauty Expert

DO YOU SIT AND STAND FOR BEAUTY?

Florenz Ziegfeld, who selects the loveliest of lovely girls each year for his musical comedies and revues, claims that there is nothing so rare as the young woman who stands, sits and walks with poise and grace.

The average woman, I know does not. Perhaps she doesn't think of it. I am sure that we should not see so many awkward, almost repulsive positions, if the world were full of mirrors.

Do you think, for instance, that a woman would sit with her knees apart if she knew how ugly it was? Do you think she would still insist on very short, very tight skirts, if she knew that when she sat down they rode way up and exposed her knees and thighs? I think not—not if she realized that there were probably six girls in a hundred who have really pretty knees, and no girl who can look anything but a little blatant, a little common, a little ugly when she assumes these positions.

Standing seems simple enough, doesn't it, but I am sure that half of the world, fully half of the time, stand a little crooked, the weight shifted over to one hip. If you see it, you won't do it. It is most ungraceful.

And then we come to walks. In southern Europe, Hawaii, and the South Seas, women have an exquisitely beautiful carriage. They have learned to walk evenly and smoothly through balancing weights on their heads. Their limbs are lithe and free, their movement beautiful. The Indians have the same splendid carriage, but we, who are of the effete civilization, have sacrificed much to high heels, binding garters and tight skirts. Of course, you have been told, not only by me, but by many others, to balance a large book on your head. It certainly will do much to restore evenness and grace to your walk.

When you stand, stand erect, let your mind call your body to "attention"! When you sit, compose your hands, relax your body, be sure that your feet are neither in your own nor anyone else's way.

The old etiquette bars the crossing of ankles, but I think most of us do, and I think, too, it is rather more graceful than to place both feet flat on the floor.

I you think about what you are doing you will speedily develop good posture and bearing, and this is not the least of beauty.

Physicians Advise HEMO-LIVER for Weak, Run Down Men and Women

Full Of The Newly Discovered Substances Extracted From Liver Which Create Rich Blood And Strengthen Vital Forces

Hemo-Liver is the new sensational tonic extract of liver they are all talking about these days. Doctors are advising weak, anemic, thin-blooded people to take Hemo-Liver and it now can be obtained from any druggist who keeps abreast of the times, with the distinct understanding that if one bottle doesn't improve your health wonderfully—the purchase price will be returned.

A big 12-ounce bottle of Hemo-Liver lasts 8 days, one tablespoonful is a dose, and as one doctor remarked, "You would have to eat liver a great many times to get as much of the rich red blood-making vigor-creating elements as Hemo-Liver will give you.

"Men and women who are suffering from lowered vitality, general weakness, overwork, nervous breakdown or anemia can put their faith in Hemo-Liver. For feeble old people, girls 13 to 18, and in convalescence it is invaluable. It strengthens the nerves, increases the red blood cells, promotes health and rebuilds weakened vital forces of both men and women so quickly that often physicians are astonished."

As a spring tonic it surpasses old-time remedies.

Most Successful Parade Is Conducted By Merchants And Directors Monday Evening

General Chairman McLaughlin Makes Stirring Plea To Hundreds Of Citizens Here

Beneficiary Organizations Make Fine Showing In Parade Line-Up Last Night

ELLWOOD CITY, May 22.—**The Community Chest parade, which officially opened the 1928 Community Chest Drive which goes on all this week, was presented here last night, before throngs of people.**

Capt. Howell Jenkins, as marshal, arranged the line-up as follows: Colors and escort, a group of Boy Scouts bearing banners, then the high school band all in white uniforms playing stirring marches; the fire truck carrying the volunteer fire department and active members.

A feature of the parade was the large chest, bound in iron bands, which was displayed on a large truck, and guards by boy and girl scouts.

After the chest came a girl scout troop; Nightingale, Bernice Wilson, Bobolink and Ewing Park; ambulances and nurses from the local hospital made a good showing. One contained a pretty girl swathed in convincing bandages; members of the Chamber of Commerce Merchants' Division; members of Rotary, City Council, Kiwanis club, Women's club and publicity directors.

The line of march included the principal streets, concluding at the steps of the Central school building for a few selections. Motion pictures of the activities were taken by a local theatre-owner. C. H. Blank, holding the proposed bags of money which will eventually fill the chest, posed on the Chest platform for the camera.

At the meeting the invocation was pronounced by Rev. A. M. Stevenson ofter which the J. J. McLaughlin was introduced by W. F. Kegel, chairman of publicity. Mr. McLaughlin made one of the best speeches ever heard on such a platform in the history of this town. He opened his remarks by stating emphatically "Ladies This is Your Hope Chest." Men this is Leap Year, so we hope the chest will be filled. More than 100 years ago a small handful of men and women banded together and rose up in opposition to the strongest nation in the world. This upheaval was known as the spirit of '76—a few weeks ago, in the witnessing of the picture "Old Ironsides" many recalled another struggle when men and women gave their all to the cause of the Civil War. A few years ago when we, as citizens of the United States threw ourselves into the World war, we were known as the spirit of '17, battling for the cause of Democracy. Every day we have an opportunity to show again our patriotism, and if we are willing to give our life's blood for our country, we should be willing to give of our time and money to the many demands made by the needy. Tonight the chest will be opened and Saturday night it will be closed. We know from past experience that the chest will be filled. Who will deny a few dollars to give aid and relief to the suffering invalid and undernourished? Next year at this time we will have the new hospital, a living monument to the patriotism and generosity of the folks of Ellwood City."

Citing a personal incident Chairman McLaughlin related, "A young man was found lying dead in front of a beautiful monument erected to the Soldiers and Sailors of the World war—his pockets upon examination showed honorable discharge papers, and evidence was also present as to his frantic efforts to secure employment. With his strength fast-failing from lack of food, he has scratched on the base of the monument, 'I asked for bread and ye gave me a stone.' Many incidents of personal help in the city were told by Chairman McLaughlin in a most interesting manner. He closed his remarks with an impassioned appeal that the patriotic support given by the local people in '76, '17 and '27 would be another achievement toward refilling the chest of 1928.

The bags of money were then deposited in the chest, and an announcement was made that already $3,999.90 had been given in up to that time.

Birthday Event Occasions Party

ELLWOOD CITY, Pa., May 22.—In honor of the birthday anniversary of her son Loyal, Mrs. Laura Weller invited a number of his friends to their home Friday evening to help celebrate the event. The honor guest was taken by surprise but proved an admirable host after recovering from the attack of his friends. Music and games were enjoyed until a seasonable hour, when refreshments were served by the hostess. Many beautiful gifts were received by the honor guest.

Among those present were Misses Delphine Hartzell, Isabelle Mortenson, Blanche Kocher, Mildred Durnell, Irene Falen, Christine Dolter, Aletha Kirker, Margaret Parker, Emma Mortenson, Mabel Durnell, Florence Kocher, Fay Gallaher, Ellen Wheman, Thelma Burns, Luella Moorhead, Messrs Lawrence Fox, Ross Parker, Paul Nye, Orville Harper, Edward Steed, David Shaffer, Glenn Gallaher, Herron Kirk, Clair Kirker, Samuel Shaffer, Paul Steed, Harry Thorpe, Carl Gallaher, Robert Burns, Norman Weller, Earl Timblin, Francis Kirk and the honor guest.

Crowd Enjoys Health Pageant

Miss Eleanor Sibole Crowned May Queen With Pretty Attendant Ceremonies

About 1,500 School Children Tell Of Progress Of Time In Costume

ELLWOOD CITY, May 22. — A large crowd of school children and adults enjoyed the spectacular pageant "America Yesterday and Today" which was presented Monday afternoon in the Athletic field by approximately 1500 children of the local schools.

The opening festivity was the crowning of Miss Eleanor Sibole, a pretty school girl, selected by popular vote, to be 1928 May Queen. She is a Junior high school student, and her attendant Miss Kathryn Wilson, was also a Junior High student. The procession attending the pretty queen comprised members of the Circle school, all in fluttering May costumes.

The program of the pageant follows in detail:

Episode 1.

The Spirit of Indian Days speaks. Indian men, women and children are gathering for the Corn Dance. An Indian ceremonial when the last of the harvest is brought as sacrifice to the Great Spirit for the rain and sunshine which have made the harvest plentiful and which have given much food for the tribe.)

Arrival of another tribe.

Laying of the Peace Pipes.

Exit of Indian Tribes led by Spirit of Indian Days.

Episode 2.

The spirit of the Winterdess speaks: Groups in order of their appearance include children as flowers, birds, trees and animals from the North Side, Hartman and Circle schools. The closing scene showed the pioneers overcoming the forests.

Episode 3

This episode portrays the spirit of patriotism, and introduces persons and groups in the following: Spirit of State, Little Town Spirit, Little Town Interest, Rural School, Town School, Grown Town Spirit, Christianity, Education, Community Spirit, Music, Art, Drama, Welfare Play and Forest Preservation.

The pageant concluded with an ensemble with the spirit of today prominently in the foreground. The Spirit of the New America pledges Allegiance to the flag, and embodies French English, Dutch, Swedish Scotch, Japanese and West Indies characters.

The entire show was well trained, and showed great thought on the part of the various teachers who had a hand in the preparation. The costumes were clever as well as authentic, and the children put on a most creditable performance. Miss Kelly of the West End school was in charge.

FUNERAL SERVICES

ELLWOOD CITY, Pa., May 22.—Funeral services for Mrs. Margare; Main Bristol, whose death occurred on Friday morning following a short illness at her home on the Ellwood-Wurtemburg road, were held from the North Sewickley Presbyterian church Sabbath afternoon at 3 o'clock.

The service was conducted by Rev. Ehrheart of Ambridge, cousin of the deceased, and was attended by a large number of friends and relatives.

Interment was made in the North Sewickley cemetery.

Surprise Birthday Party For Mrs. Parker Monday

ELLWOOD CITY, May 22—Relatives and friends of Mrs. S. A. Parker of Wurtemburg heights assembled at her home Monday evening honoring her 49th birthday anniversary with a surprise dinner party.

The menu was served at 6 o'clock with covers laid for 35. A hugh birthday cake was cut by the honor guest, and she received many lovely and appropriate gifts. The evening hours were spent socially.

Out-of-town guests present were: Mr. and Mrs. G. M. Sands and family of Sharon; Mr. and Mrs. Ralph Stratton, Mr. and Mrs. Wilbur Stratton; Joseph Welch of New Brighton; Mr. and Mrs. George Smeltzer and family of Vandergrift; W. H. Parker and daughter Olive and Mrs. Tillie Remley of New Castle.

The encyclopedies omit so many of the interesting details. None of them tells us what Mrs. Izaak Walton thought of all this fishing.

DODGE BROTHERS
VICTORY SIX

How do YOU test a motor car?

Is *speed* the first test you apply to a motor car? . . . Then drive the Victory Six, for no car in its class is so fast.

Is *acceleration* a major consideration? . . . 5 to 25 miles in 7¼ seconds—10 to 45 miles in 13½ seconds—tell the unparalleled story of Victory pick-up.

Are you interested in *economy?* . . . 21 miles per gallon at 25 miles per hour is average gas consumption for this famous Six.

A hill climber? . . . Ask Montana, Colorado, Pennsylvania! More power per pound is the answer. A body with only 8 major parts—lighter by 175 pounds—yet sturdier!

A smooth traveller? . . . Dash over railroad tracks—over old cobble pavements—and you'll marvel! For The Victory Six is *different.* No body sills—no body overhang—chassis the full width of the body—a lower center of gravity. Sidesway, bouncing, rear wheel chatter magically *absent.*

Roomy? . . . Head room equal to any—superior to most—in its class. Wider seats—more leg room. *Big!*

And a beauty! Rakish and trim in line, richly upholstered, beautifully lacquered in smart hues—*tomorrow's* style with Dodge dependability.

A car that you should try out—now—yourself at the wheel.

HIGH LIGHTS OF HISTORY

The Fight On The War Bonnet

DURING THE SIOUX UPRISING IN 1876, MANY OTHER TRIBES HAD REMAINED QUIETLY ON THEIR RESERVATIONS. HOWEVER, REPORTS OF THE VICTORY OF THE SIOUX OVER CUSTER AND THE PROSPECTS OF TAKING MUCH PLUNDER AND MANY SCALPS LED A LARGE BAND OF CHEYENNE TO LEAVE THE RED CLOUD RESERVATION AND SET OUT TO JOIN SITTING BULL.

LEARNING OF THIS, GEN. WESLEY MERRITT, WHO WITH A FORCE OF CAVALRY WAS SPEEDING TO JOIN CROOK, TURNED NORTHWARD AND RACED TO HEAD THE HOSTILES OFF. REACHING WAR BONNET CREEK, MERRITT LAID AN AMBUSH NEAR THE SPOT WHERE THE TRAIL THE CHEYENNE WERE TRAVELING CROSSED THE STREAM.

WHEN THE UNSUSPECTING WAR PARTY RODE UP, MERRITT'S MEN CAME OUT OF THEIR CONCEALMENT, AND CHARGING FIERCELY, DROVE THE SURPRISED REDSKINS BEFORE THEM. "BUFFALO BILL" CODY, MERRITT'S CHIEF OF SCOUTS, KILLED YELLOW HAND, THE CHEYENNE CHIEF, IN A SPECTACULAR DUEL AND TOOK HIS SCALP, SHOUTING: "HERE'S THE FIRST SCALP FOR CUSTER!"

THE TERRIFIED INDIANS FLED BY THE WAY THEY HAD COME AS FAST AS THEIR PONIES WOULD CARRY THEM, WITH THE TROOPERS AT THEIR HEELS, AND NEVER STOPPED UNTIL THEY HAD REACHED THEIR RESERVATION, WHERE THEY WOULD BE SAFE FROM FURTHER ATTACK.

New Castle-Washington To Have Dual Meet

Beaver Falls Hopes To Beat New Castle

Deadlocked For First Place, Harvey's Aggregation Hopes To Send New Castle To Second Place; Textorites Chalk Up Third Victory In 72 Hours By Beating House Of David At Dennison, O., 12-10

By ED. FRITZ

Chalk up another victory for New Castle then prepare to witness George Textor's outfit meet Beaver Falls here Wednesday evening in a game that will decide who's who insofar as first place in the O. & P. circuit is concerned.

Not content with having defeated the celebrated Homestead Grays, Saturday, Canton, Sunday, the new Castle team travelled to Dennison, O., Monday and defeated the House of David, 12-10, and incidentally Shannon and Gibson pounded out home runs.

Beaver Falls and New Castle are deadlocked for first place in the league but New Castle has the advantage, having played four more league tilts than Beaver Falls for an average of .750.

Primed for New Castle.

Ed Harvey and his aggregation, however, rivals of a razorlike edge to Textor's outfit are coming here at 6:15 p. m. Wednesday primed to stop the winning streak, so Sir Edward declares.

With Hogan, Leonard, McCullough, Shannon and Gibson pounding every pitcher they have faced this season any hurler who essays to stop them will have tough going.

The defeat handed to the Homestead Grays was the first the colored team sustained this season and the blow followed 16 successive victories they had chalked up.

Excepting an error and two stolen bases the game Saturday was a classic and as Beaver Falls has a good team the fans can look forward to another good tilt tomorrow.

Tex Rickard Loses Money On Last Night's Battle

(International News Service)

NEW YORK, May 22.—Lady Luck has turned on Tex Rickard. He lost $25,000 in promoting the lightweight title fight between Sammy Mandell and Jimmy McLarnin here last night, it was estimated today. Tex expected the receipts would total $250,000, but because of threatening weather the receipts were only $117,296.95.

Allegheny Tennis Team Is Defeated

Westminster Racqueters Outplay Meadville Teams On Monday

(Special To The News)

NEW WILMINGTON, May 22. — Westminster's tennis team decisively defeated the Allegheny college netmen 4-2 for the second time this season in the scheduled match played here yesterday afternoon. Playing on one of the college courts and on the Phi Pi fraternity court the Blue combine took all but one of the six matches played.

Clark, number one man on the Westminster five, was the star of the contest easily defeating Johnson of Allegheny in straight sets. Gordon of Allegheny was the only Methodist player to break through the Westminster singles array.

Clark and Schaffer starred in the doubles play while Booth showed up well for Allegheny in the second doubles match played.

The summary:

Singles

Clark of Westminster defeated Johnson of Allegheny 6-1, 6-4.

Mandell Retains His Championship

Has No Trouble Defeating McLarnin In 15-Round Boxing Bout

MANDELL OUTCLASSES YOUTHFUL CHALLENGER

By DAVIS J. WALSH
Sports Editor International News Service

POLO GROUNDS, New York May 22.—The harp that once through Tara's Hall played lullaby music to willing and unwilling chins had a slightly sour twang this morning.

Jimmy McClarnin still wore the harp on his back as he stepped out of the ring last night after fifteen rounds with Sammy Mandell but that was only what he had planned to do, meanwhile taking a bow to left, right and centre as the multitude blatted in unison. What he hadn't expected to wear was the "mouse" upon his tightly closed left eye or the vin rouge upon his upturned Irish nose, for this wasn't part of the act at all.

Neither was the fact that he saw occasion to take no bows as he went, in truth, he took nothing all evening, unless one wishes to include Mandell's inevitable left to the countenance and his occasional tough authoritative right to the lobby or foyer.

As for taking the lightweight title away from Mandell, that prospect became an absurdity from the moment they exchanged their first grimace—for the benefit of the cloak and suit men, 20,000 in round numbers when they started. They were also round at the the finish, only this time they were round shouldered with remorse. As a fight, it wasn't such a much.

It also would be achieving absurdity to state at this point, or any other, that Mandell still is the lightweight champion of the world. Everybody knew before the first round was over that, if McClarnin really was the outstanding challenger, Mandell would be champion until they started giving away cigar coupons to the two-nickels-for-a-dime telephone customers.

Diamond Notes

The Oldsmobiles defeated the Colored All-Stars 7 to 2 in a five-inning game at the Buckeye Field.

The S. S. Beverages defeated the Young Giants 8 to 4 in a contest played at the B. & O. Field on Monday night. The pitching of J. Venditto featured.

The East Side Indies would like to arrange games with all fast teams in the city and county, also any team in the Church League, the Boro A. C., Volant or any other team. For games call 1415-W and ask for Charles Campbell, 921 Harrison street, New Castle, Pa.

SORDS POINTS

Wallace Is Another Victim Of Inactivity

By JACK SORDS
Sports Cartoonist-Writer for Central Press and New Castle News.

A few months ago Billy Wallace was considered by many to be the best boy at his weight in the business. He was meeting and licking a lot of the leading lightweights and was generally looked upon as the "terrible Billy". But he's "sweet William" now. Which is just another proof that inactivity spells disaster for a fighter.

Wallace was rolling along in great style last year. He had participated in an even dozen fights and had won nine and lost two. One being a draw. The draw was with Bobby Tracy. He won from Eddie "Kid" Wagner, Billy Petrolle, Tommy "Kid" Hirman (twice), Cuddy DeMarco (twice), Al Gordon, Tommy "Kid" Murphy and Paris Cangie. Jimmy McLarnin and Sid Terris gave him his only setbacks, but both knew they were in a fight.

The McLarnin fight was the beginning of the end for Wallace. Not because he lost the decision, for Billy wasn't licked that bad, but during the battle he cracked his hands. This forced Billy to remain out of the ring for five months. The rest did him so much good that when he tried a comeback last month against Tommy Jones he received a good trimming, which was since duplicated in a return go.

So well does Wallace realize that those five months of inactivity robbed him of much of his old class that he has called off two matches that were already scheduled for him in order to devote more time to hardening.

Derby Runners Plod On; Make 75 Miles Monday

By LELAND C. LEWIS
International News Service Special Correspondent

DEPOSIT, N. Y., May 22.—C. C. "Cross Country" Pyle's highway harriers carried on today toward Liberty, 53 miles cast of here, firm in the conviction that they had qualified as "iron men," smelted in the crucible of endurance after traversing 74.6 miles from Waverly since sunup yesterday.

Officials stretched the customary 13 hour limit to 21 hours to prevent elimination of those who have fought to attain the goal at Madison Square Garden, New York.

The men who defied withering heat of Mohave Desert, California, freezing cold in Arizona and New Mexico, a blizzard in Texas and rains in Missouri and New York, were never so fatigued as when they checked here. For this reason the starting hour today was set back until 8 a. m. to give them an opportunity to recuperate.

John Salo, Passaic, N. J., Finnish-American, established what is believed to be a new world's distance running record when he made the run in 12:-13:09. Salo's elapsed time, this morning for the 3230.3 miles from Los Angeles is 553:11:36. He is firmly entrenched in second place and trails Andrew Payne, Claremore, Oklahoma, race leader, by only 16:19:45.

Struck by a passing motorist who brushed his legs with a fender, Frank Von Flue, Kerman, California, came on unaided and was second for the day in 13:00:14. His elapsed time was 630:55:14.

Payne, the race leader, tied with James Pollard, Reno, Nevada, for third for the day in 13:36:43. Pollard holds fifteenth place in 676:32:01.

Louis Perrella, of Albany, N. Y., slipped from fifth to six place after spending 19:01:47 on the road.

Gene Tunney will have to move with more deadly precision against Tom Heeney than the champion did in his two battles with Jack Dempsey if he has any desire to equal the record of his predecessors in disposing of European challengers for the world's heavyweight crown.

There have been three major efforts by foreign heavyweights to lift the heavyweight crown from the American shore since the modern era began. All three ended in an early knockout for the champion.

Charley Mitchell, British heavy, was the first man to invade the United States with the definite aim of winning the heavyweight title. He came to seek Jim Corbett's title. The two met Jan. 25, 1894, at Jacksonville, Fla., and Gentleman Jim dropped Mitchell in the third round.

Curly Bob Fitzsimmons had been fighting in the United States for many years before he sought and won the world's heavyweight title, so his achievement cannot be viewed in the light of a sudden sortie from a foreign shore with that definite aim in view.

It was not until George Carpentier, idol of Europe, came to the United States, in 1921, to face Jack Dempsey, that American fight fans had another chance to witness a title fight with a distinct international flavor. The fourth round saw Carp's passing—an inert figure on the floor.

The Dempsey-Luis Firpo fight lasted just two rounds and the Argentinian was out.

Now Tunney is to face Heeney, New Zealander, and latest hope of the eastern hemisphere.

It has been said that Heeney is being pushed into the fight to help make a gate, and will be easy picking for Tunney. If this is the case, Champion Gene may be expected to register an early and effective knockout.

On the other hand, those who still fail to accept Tunney as invincible will point to the ageing Dempsey, who dropped the younger and clever champ to the floor, and will give Tom Heeney at least better than a Chinaman's chance of turning the trick.

Whatever the outcome, it will have to be a hectic affair to stack up with the Mitchell-Corbett, the Dempsey-Carpentier and the Dempsey-Firpo battles.

Edenburg Trims Italian A. C. In Twilight Game

Miller was in fine form last night and allowed the Italian A. C. but three hits and Edenburg grabbed a 7 to 0 victory at Centennial field on Monday night. It was a Twilight league game.

Walter Kirker adorned the slab for the Italian A. C. and was given poor support. Six errors spelled doom for Kirker, even though he did hurl a five-hit game and fanned four men.

"Bub" Jones was the hitting star of the game with a pair of doubles, while Billy Hood was the shining light in the field with seven chances. Truni and Phillips also hit timely.

Hillsville Wins From Ryantown In Twilight Contest

Hillsville fought an uphill battle and toppled the fast Ryantown team in a National section Twilight league game played at Hillsville on Monday night. The final score was 4 to 3.

Quinn was on the knoll for the Hillsville team and let the Ryantown boys down with five hits and fanned three men. Lintz on the slab for Ryantown was found for eight safe blows. Genovo featured the game with a home run drive. Hillsville went into a tie with Ryantown and Edenburg gor first place by virtue of their victory.

Three Games In Twilight League

Three fast games are billed for tonight in the American section, Lawrence County Twilight League. The games will start at 6 o'clock.

The Clifton Flats team will play the Mahonings at Mahoningtown with Diana and Zidow handling the game. The Wampum team will be at West Pittsburg with Emery and Hudson as the officials. The Lawrence Indies will tangle with South Hills and Price and Nolte will handle the game.

Franklin Field To Be Scene Of Track Meet On Wednesday

Washington High, W. P. I. A. L. Champions, To Send Strong Team To This City

Meet Scheduled For 2:30 O'clock; Only Meet Of Year For Local Field

By "BUGS" WALTHER

Washington High school track team, champions of the W. P. I. A. L., will show their wares at Ben Franklin High stadium on Wednesday afternoon by engaging New Castle High school team in a dual track and field meet. The meet will start at 2:30 o'clock. It will be the only major track meet of the year for the New Castle High team on their own soil.

Immediately after the W. P. I. A. L. meet at Pittsburgh two weeks ago Ralph Gardner, the New Castle Senior High faculty manager, signed the Washington team for a dual meet with the red and black artists for New Castle.

Last Saturday the Washington team, led by Felix Miller, the "speed" merchant, and the Ramsay brothers, won the Washington county meet in competition with the leading schools of the county.

New Castle High is biting off a big chunk in tackling the Washington High track team, for the simple reason that the Coach Day track and field machine is about the classiest looking high school team in this section of the state. For many years track has been a prominent sport at Washington High and they have turned out many stars, including Charlie West, famous negro sprinter, and at one time winner of the decathlon events at the Penn relays.

Miller Is Threat

In Felix Miller the Washington High team has one of the finest scholastic track men in these parts, and it is nothing for this youngster to participate in the 100, 200 and 440 all in an afternoon, and he is generally near the top in all three events. The Ramsay brothers, Willis and Wilbur, handle the distance events for Washington and they are reputed to be first-class artists in the mile and half mile.

New Castle will have a distinct advantage over the visitors in the field events, with Arthur Craft and Bruce Alexander as the best bets for red and black victories. Craft should take first place in the shot-put, javelin and discus. Alexander will be among the winners in the hurdle events. Walter Smith, Willie Campbell and Paul Reider will handle the sprints for New Castle, and Meek and Burry will run the mile and half mile events.

Thirteen Events

Washington High will send a team of about 24 men to New Castle tomorrow, said Gardner today. New Castle will have a team of about 35 men.

Gold, silver and bronze medals will be awarded the winners for first, second and third places. The points will be scored five, three and one. The winning team will have to score 59 points to win the meet. There will be 13 events listed, said Gardner. Whether or not a mile relay will be staged is not definitely known, but if it is run it will not count in the total points. R. E. Long has been chosen as the referee and official starter for the meet.

Energy To Play Ellwood Wednesday

Two Rivals To Play Game At Energy Wednesday Evening

Wednesday night will be a big night at Energy, when Energy will hook up with the Ellwood Club of the Beaver County League.

While it is understood that "Conny" Wardman of Ellwood has figured this game in, Manager Floyd Vaneman and Business Manager Harry Miller of Energy, have been making preparations for this particular game for the past three weeks and feel confident they will give Ellwood the biggest surprise of the season.

NOTICE

Baseball scores and notices turned into the Sport Department of The News must be in the office the night the game is played, or in an emergency not later than 9 o'clock the next morning, and must be written plainly, and be complete. All articles must be signed and include the address and telephone number of the sender.

Blood Is Life

Pirates Split Double-Header

Even Count With Cincinnati When Pirates Hammer May

CINCINNATI, May 22—The Pirates and Reds split a double-header here Monday afternoon, the Reds capturing the first game four to three and the Pirates winning the second six to three.

The Cincinnatians bunched blows and took advanage of Pirate errors to eke out a one run margin in the first while Eppa Rixey kept the batters in hand.

The Pirates found Jakie May and drove him from the mound in the second game after playing a nip and tuck battle.

With the score 4 to 3 Grantham doubled, Comorsky singled and Smith doubled, in the ninth which scored two runs.

This resulted in May going to the showers and Donohue taking his place, but the game was won.

Geneva Net Men Meet Westminster

(Special To The News)

NEW WILMINGTON, May 22.—Fresh from their victory over the Allegheny tennis team, the Westminster netmen will meet Geneva on the local courts this afternoon.

This match with the Covenanter racquet men will test to the utmost the reputed strength of this year's Geneva combine and will decide whether or not the Beaver Valley team can drive through to the Conference championship now held by Westminster.

According to the score-board "dope" the Geneva team has an edge on the Titan coursters but with Bill Clark and Schaffer fast attaining mid-season form it is doubtful if Geneva can win a mojority of the matches. Five singles and two doubles tilts will be played.

Sportraits

Brooklyn in general, and Wilbert Robinson in particular, must be well pleased over the way Douglas McWeeney started out on the mound this year. Doug is not only pitching well, but also often. In one week he broke into three games.

Robbie bought McWeeney in the spring of 1925 from San Francisco after Doug had won 20 games on the coast. He previously had a thorough trial with the White Sox but was found wanting, especially in control. But he has that now and the Dodgers are realizing on their investment.

Here And There In Sports' Land

By ED. FRITZ

Pre-fight dope did not go wrong last night and the boxer won from the slugger when Sammy Mandell successfully defended his title against the contender, Jimmy McLarnin, in 15 rounds. Mandell slashed and tore at the boy from the Pacific Coast but could not put him to the floor. Throughout the latter part of the fight Jimmy fought with his eye closed, his nose bleeding and the vision of his right eye partially clouded.

All American net players except Mollie Wood and her brother, Sydney survived the first round of the International hardcourt championship play at Auteuil. Helen Wills and Penelope Anderson defeated Mlles. Veronique and Julia Gallay, 6-3, 6-4, while the Australian-American doubles team of Brookes and Hunter stopped Jean Zamazeulih and Robert Geraud, France, 6-2, 6-2, 6-1. The Woods lost to Madame Bordes and Jean Borotra 6-2, 6-2 in the mixed doubles.

While Sammy Mandell was defending his championship, another king of fight, Mickie Walker was busy stopping Georgie Smith in four rounds. The title was not at stake in the Elizabeth, N. J. bout.

Joshua Crane, Boston and Paul Azbill, Paris but playing under the colors of Essex Country Club, New Jersey were eliminated in the first day's play of the British amateur golf championship at Prestwick, Scotland. Douglas Grant, California won from James Dewar 3 up and 2 to play. Johnny McHugh, San Francisco did not play in the first round as Silas Newton, New York, scratched. Cyril Tolley, former champion, defeated Lawrence Beesley, London 8 and 7 and J. P. Perkins, English closed champion won from Thomas Mitchell, 5 and 3.

Cen. Presbyterians Topple Mahonings

The Central Presbyterians defeated the Mahoning M. E. team 4 to 2, in a Church League game played at the Mahoningtown Field Monday night.

Johnny Melder was in rare form and allowed the Seventh Warders but two-hits and fanned nine men, while the Presbyterians hammered Goodfellow and Patterson for six hits. Shoaf featured the game by crashing out a triple in the fifth with two on base, that resulted in a Presbyterian rally that netted four runs. The Presbyterians pulled a fast triple play in the sixth inning, Melder to Grannis, to Melder to Fraser.

Track Meet At New Wilmington

Westminster And Geneva To Meet Wednesday In Dual Meet

(Special To The News)

NEW WILMINGTON, May 22.—It has been specifically ascertained now that the scheduled track meet between Westminster and Geneva will be run off on the local track tomorrow afternoon.

Westminster's chances of winning this contest have been hampered somewhat by the absence of coach Graham from the field in the last two days, but the members of the squad have been practicing regularly and with the return of Osborne to the squad will offer stubborn resistance to the Covenanters.

THE TESTIMONY

Two Of Stanford's Best

By Feg Murray

Again the "Dangerous Curves Ahead" is out for the caravan of eastern college track teams that will wend their way to the annual I.C.4.A. meet at Cambridge, Mass., on or before May 25. In recent years the danger that the sign warned of has proved all too fatal. The blue and gold "C" of the University of California was the curve that wrecked the eastern teams in 1921, 1922 and 1923, and in 1925 and 1926 the dangerous western curves of "U. S. C." shattered the hopes of the Atlantic seaboard. Last year the "S" of Leland Stanford was the omen of defeat for the east, and once more the red sign of danger is out, as Coach Dink Templeton is bringing back an even stronger aggregation than the one that won on Franklin field a year ago.

Led by Captain Emerson "Bud" Spencer, that remarkable athlete who runs quarter-miles in 48 seconds or better, the Palo Alto institution will be represented by the most imposing array of potential titleholders and record-breakers that ever invaded the east to take part in an I.C.4.A. meet.

Captain Spencer, who lost the sight of one eye in an auto accident in 1924, and was made over by Coach Templeton into a 440-yard man from a hurdler, will not be shut out in the preliminary beats as he was last year. Bob King looks good to recapture his high jump crown, which he won in 1926, and as for the weight men, Templeton has developed five shot putters who throw the 16-pound brass ball more than 47 feet! Krenz, the giant sophomore who is the national discus throw champion, has a mark of over 49 feet, as has Rothert, while Forster has put 48 feet 6 inches and Way and Fleishhacker more than 47.

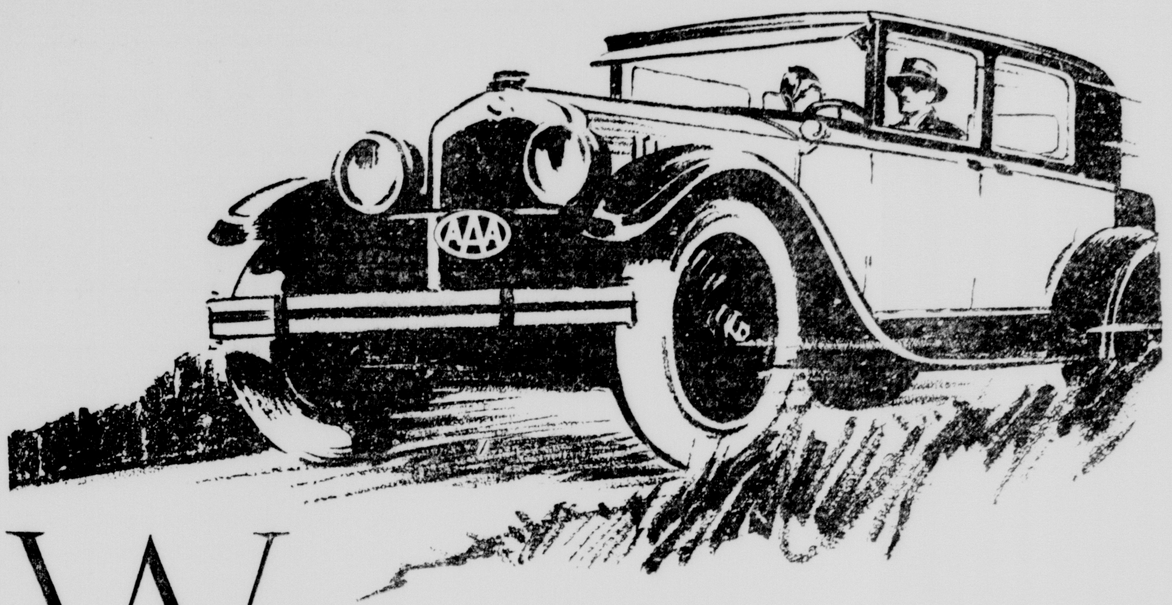

Then there's Edmonds in the pole vault and Nichols in the hurdles and Zombro and Dyer in the broad jump—how are you gonna stop 'em?

Why does *this* motorist get *more* out of *motoring*?

Wherever he goes he enjoys the local service of this motor club and that of 1046 associated A. A. A. Clubs throughout the United States and Canada.

When he encounters motor trouble on the road he phones this, or the nearest American Automobile Association Club for emergency service.

Before he starts on a trip he is informed as to the best roads and routes—where to stop, what to see and do. This information is furnished to him free—timely, reliable information gathered on the spot by local A. A. A. Clubs.

Join one A. A. A. Club and you belong to all

In case of accident or on other occasions when legal aid is needed in connection with his car, attorneys paid and retained by the club are at his service for free advice.

And best of all—he enjoys this helpful, protecting service wherever he goes—for his membership in this club is a membership in *all* A. A. A. Clubs.

Yet this local and national service costs him surprisingly little. His membership fee is returned to him many times over—in money, time and trouble saved.

Croton Defeats Grace M. E. 5-4

Croton M. E. downed the Grace M. E. 5 to 4 in a church league game played at Colonial field on Monday night.

The Croton boys won the game through their ability to hit when hits meant runs. Seward started on the mound for the Croton team but retired in favor of Kerr after the Grace team had hammered out three runs in the fourth frame. Richards pitched a steady game for the Grace M. E. boys. McClelland and G. Thomas were the heavy hitters.

Junior League

The Windjammers defeated the Vagabonds 14 to 11 in an eleven inning game played yesterday at Boyles Field. The game was loosely played with seven errors cropping out.

Dimlings defeated the North Hill team 4 to 3 in a game played at the North Hill field on Monday night. The game was a pitchers' battle between Mitchell and Pollack, with the former more effective.

The Indians applied the kalsomine brush to the Ryantown team 13 to 0 in a game played at Ryantown on Monday evening. C. Smith on the knoll for the Indians pitched a masterful game.

The Keystones tripped the Pontiacs 6 to 1 in a game played at the P. & L. E. grounds. Culbertson on the mound for the Keystones allowed but three hits, and fanned thirteen men.

The games were played as a part of the New Castle Junior Recreation League.

Personalities IN SPORT

WAITE HOYT

Waite Charles Hoyt, Yankee pitcher, was a high school boy when the Giants signed him in 1916. The same year he was sent to Mt. Carmel of the Pennsylvania league for seasoning and when that league disbanded, was sent to Hartford of the Eastern league. Later in 1916 he was recalled, but sent back to Lynn of the same league. He went to Memphis on option in 1917, was recalled in mid-season and again sent away to Montreal. In 1919 he was sent to Nashville on option, and when their short season closed he went to Newark.

The Giants then traded Hoyt to Rochester in the deal for Earl Smith, but the young pitcher refused to report and refused to go to New Orleans when sold. New Orleans then sold him to the Red Sox in 1919 for $2,500. He pitched there until the close of the 1920 season when he was traded to the Yankees along with McNally, Harper and Schang for Pratt, Vick, Ruel and Thormahlen.

Hoyt was born Sept 9, 1899, in Brooklyn, N. Y. He stands 5 feet 11½ inches and weighs 186 pounds. He bats and throws from the right side.

N. Y. STOCKS

NEW YORK, May 22.—All sections of the market were swept downward at the beginning of trading today by a violent wave of selling which started with the airplane stocks and extended through to the motors, oils, steels and specialities. Failure of the lists to "hold" in yesterday's selling movement stimulated profit-taking and short selling on the floor of the Exchange and the leaders dropped abruptly.

Wright Aero and Curtiss were again the leaders in a sharp decline of prices in this period, Wright losing nearly 20 points at 168 and Curtiss down 8 at 120. Since their sensational sky-rocketing two weeks ago these stocks have declined nearly 70 points each.

Professionals concentrated heavy selling pressure on General Motors and succeeded in driving that stock down 6 points to 18½. Radio was struck for 6 points at 173. United States Steel lost nearly 2 points and new declines of 1 to 3 points were recorded in other active shares including the investment rails.

Call money rates held at 6 per cent, with offerings in good volume.

STONINTON, Me., May 22.—Two army amphibian planes which are returning from Greenely Island were forced to descend here today on account of a heavy fog that made further flying dangerous. The planes were under the command of Major General James E. Fechet. They made the trip to Greenely Island to assist in getting the Bremen off.

The two planes left Eastport shortly before seven o'clock and made their forced descent here about two hours later. The pilots of the planes stated that they would hop directly to Boston when the fog lifted.

Engineer-Flagman Blamed For Wreck

(International News Service)

WASHINGTON, May 22.—The rear-end collision between two passenger trains on the Pennsylvania railroad at Dugrum, O., on March 30, was caused by the failure of Engineer Strasser, on the Liberty Limited, to maintain a proper lookout, while a contributing cause was the failure of Flagman Balliet, on the Broadway Limited, to use the equipment required to provide proper protection for his train, according to findings made public today by the interstate commerce commission. The accident resulted in the injury of 78 persons.

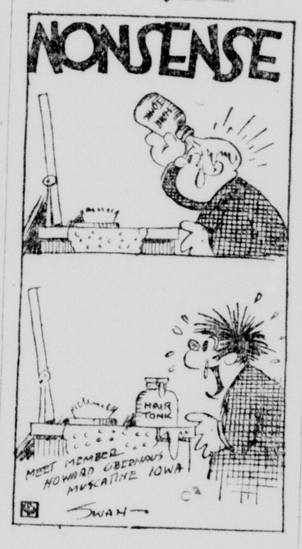

House Members Take Up Boulder Measure

(International News Service)

WASHINGTON, May 22.—Heeding the recommendation of President Coolidge and fearful of a new flood disaster being laid at its door the house today took up the Swing-Johnson bill for the building of Boulder Canyon dam on the Colorado river.

With the threat of filibustering tactics met by the firm decision of leaders to bring the bill to a vote all indications pointed to its passage within three days.

Plaingrove High Commencement Plans

Commencement Week To Open With Senior Play On Friday, May 25

Commencement week at the Plaingrove high school will begin with the senior play, "Anne Whats-Her-Name" to be given at the United Presbyterian church of Plaingrove on Friday evening, May 25, at 8:15 o'clock.

Louise Eyers, her companion—Ruth Adams.

Nancy Brown, the girl from Rosedale—Erla Bingham.

Mrs. Ebenezer Whittle, looking for Ebenezer—Beulah Graham.

OTHERS

Burks, Tony's valet, faithful to the end—Charles Oakes.

Willie Peabody, the boy from next door—Merle Stone.

Doran, a plain clothes detective—Reget Guarnieri.

Judge Bunby, the head of the house—Howard Rodgers.

Doctor Aked, a friend of the family—Albert Foster.

Ebenezer Whittle, the judge's nephew—Alex Brown.

Two little Whittles—Alice Bingham and Lloyd Moore.

The program for class night is as follows:

Music.

President's speech—Gaylord Shaw.

Response—Merle Stone.

Music—Margaret McCune.

History—Jessie Kildoo.

Optimist—Jennie Martin.

Pessimist—Ruth Adams.

Violin and piano music—Beulah Graham and Margaret McCune.

Donors—Elizabeth Hamilton and Beulah Graham.

Prophecy—Margaret McCune.

The program for commencement night is as follows:

Music—orchestra.

Salutatory—Alice Shaner.

Music—orchestra.

Valedictory—Erla Bingham.

Music—orchestra.

Address—Rev. Dr. H. D. Henderson, B. D., of Grove City.

Presentation of diplomas—R. A. Stevenson, secretary.

Music—orchestra.

The senior class of '28 consists of one boy and eight girls: Erla Bingham, vice president; Alice Shaner, Margaret McCune, treasurer; Jessie Kildoo, Beulah Graham, secretary; Jennie Martin, Ruth Adams, Gaylord Shaw, president.

Foreign Trade Is Seriously Affected By Chinese Warfare

(International News Service)

WASHINGTON, May 22.—The Japanese invasion of Northern China is affecting American foreign trade, a radiogram today to the Department of Commerce from commercial attache Arnold at Peking, said.

"In North China," the message said, "all railway lines are hampered by military activities. The situation is generally depressive to trade and has led to the failure of several of the smaller Peking banks."

Exports to the United States in April totaled $3,940,000 compared with $4,500,000 from China in the corresponding month of 1927.

(International News Service)

PARIS, May 22.—Miss Helen Wills and Francis T. Hunter today defeated the Australians, Miss Anthony and A. Peacock, 6-0, 6-2, in the French international tennis championships at the Roland Garros stadium.

The English pair, Mrs. Lycett and Turnbull, eliminated Mrs. Milla Mallory and her 51-year-old Australian partner, Norman Brookes, 7-5, 6-2.

Baron Huenefeld Seeks Big Europa For Ocean Flight

Junkers Works Officials Reveal Huenefeld In Market For New Plane

(International News Service)

BERLIN, May 22.—Officials of the Junkers works today confirmed reports that Baron Von Huenefeld, one of the members of the Bremen's crew, is negotiating with Prof. Junkers at New York for the purchase of the plane Europa. The baron said he and his two companions—Capt. Herman Koehl and Major James Fitzmaurice wanted to fly back to Europe in the Europa, which is now in Germany.

Lili Dillenz, Viennese actress has been negotiating with the Junkers works for a plane for a trans-Atlantic flight, but failed to obtain it owing to the withdrawal of some of her financial backers. However, there is another Junkers plane available if she and her pilot, Johann Ristics, succeed in arranging the flight.

Dr. W. A. Womer Gives Recital

Also Leads Music At Noon Meeting Addressed By Bishop Leonard

Local people will be interested to learn that the ability of Dr. W. A. Womer as a soloist and musician, has become quite generally known in Kansas City, Mo., where he is attending the general conference of the Methodist Episcopal church as a lay delegate from the Erie conference.

Sunday afternoon, May 12, Dr. Womer presented a vocal recital at the request of Philadelphia friends in the Aztec ballroom of Hotel President, with Mrs. Grace Crawford as accompanist. There was a large group of interested persons present and enjoyed the event.

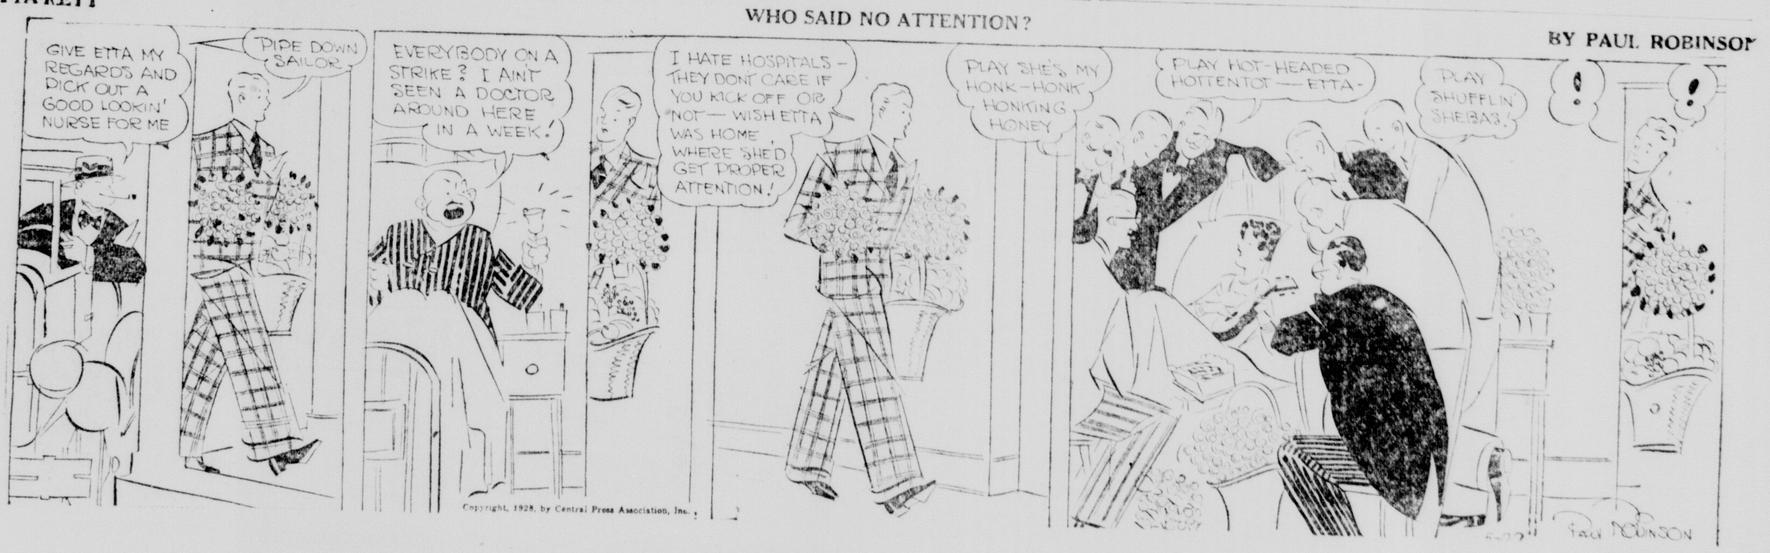

There are also noon meetings held at the Grand Avenue Temple every day. The addresses are given by noted ministers, who are attending the conference. On Thursday of this week, Bishop Adna Leonard of Buffalo, N. Y., was in charge and gave the address and Dr. Womer had charge of the music for the service.

Hand-shaking is barred in Italy and now there's no way to recognize and dodge the man who represents a worthy cause.

Traffic Troubles Before Council

Croton-East Washington Corner Again Up For Consideration Of Members

BUTLER AVENUE ALSO DISCUSSED

Mayor William H. Gillespie, during council session informed members that business men had conferred with him relative to the traffic situation at Croton avenue and East Washington street. He explained that "it seems that there is no full-time traffic officer placed there."

"The only thing to do is to put a man on the corner regularly," suggested Councilman Davies. He said that a traffic signal operated by 'hand control' would work but an automatic signal would not. A regular traffic man may be placed there.

Councilman Davies said something should be done relative to traffic at Butler avenue and East Washington street as cars from Butler avenue could not enter Washington street because motorists would not stop for Butler avenue traffic to Washington street.

The Lehigh Portland Cement company has offered the city 70 feet of ground along Butler avenue from the point but so far the arrangements to alleviate traffic has not been completed.

The mayor, referring to the petition submitted by H. A. Rugh, requesting a traffic light at North Jefferson street and Wallace avenue said that "should a signal be located there traffic if heavy would have to stop on the hill, going toward Wilmington avenue". He said that North Jefferson-Wilmington avenue traffic does not pay attention to cars waiting to leave Wallace avenue to enter North Jefferson street or Wilmington avenue and generally speaking said that unless autoists pay attention to stop signs at main thoroughfares he proposes to "smack it to the violators."

Speaking of double parking he said that "Officer Shuler does not allow it."

A few days ago the council named Frank McKee a policeman and there is one other vacancy in the department. With traffic mounting it is probable that the services of as many policemen as possible will be needed for police investigations and traffic.

Suit Against Church To Collect Balance Due On Construction

Merele L. Francis, administrator in the estate of the late W. N. Francis, has filed a suit at the prothonotary's office against Frank L. Brooks, Paul Mays, Alex King and Wesley Pannell, trustees of the Union Baptist church to collect a balance alleged to be due the late W. N. Francis on a contract church. The amount of the claim is $1,582.79. It is claimed that the late W. N. Francis made a contract with the trustees for the supplying of labor. Francis died on Nov. 13th, 1926 and although frequent demands have been made by the executor for the balance alleged to be due it has not been paid.

Roaming Round With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle

How many of you remember the Reis Brothers Plate mill which operated here many years ago? Those of you who do will remember that it was located between what is now the boiler house of the Carnegie Steel company and George street.

Many old timers remember the rod mill, the wire mill and some of the other old plants, but the old plate mill is not mentioned so often, perhaps because it has been out of business so long.

This particular plant was brought to light in an interesting way recently when a picture of one of the crews was found by Clarence Crill, and I saw the picture Monday in the office of David S. Pyle. As a picture it is mighty interesting, but as a reminder of other days it is priceless.

Can you imagine John Reis, vice president of the steel corporation, working on a crew? He is in the picture along with twenty other plate mill workers. Sweat caps, towels, and tongs and not the least of all, mustaches and beards.

Of the 21 men in the picture, and it was taken on May 20, 1883, Mr. Pyle named 17. Do you remember some of these old timers? Isaac Hill, Jack Howell, Chester O. Morrow, Thomas A. Long, Andy Perry, John Velker, William Jenks, John Nevergold, Harry Scott, Clarence Crill, John Davis, John Welsh, William Walters, Charles Hetrick, Dennis Donegan, James English, Frank Hagan and John Rogan.

All of them are in the picture, with four unnamed. It's an interesting picture and is going down to New York shortly with Mr. Pyle for exhibition at the gathering of steel and tinplate manufacturers.

The photographer who took that picture must have known his business. It has not faded to any appreciable extent and is still a rich brown color. It should be framed to save it from the many handlings it will get in the near future.

Don't be surprised at anything you see in New Castle on June 14. The Shriners have threatened to invade the city, some 1500 of them from Pittsburgh and most anything goes with those lads. You'll see more red fezes on that day than you've seen in New Castle before.

Since the announcement a few days ago concerning the abandonment of the Martin Gantz school, several old time pictures have been dug up, Russell Urmson digging out one 40 years old, and C. B. Mayne one fifty years old. There are probably some older than these for there are still people around who went to Martin Gantz sixty years ago.

HOUSEHOLD HINTS

BY MRS. MARY MORTON

MENU HINT

For the more than usually formal dinner, whether with guests or not, a fruit cup is nice to serve as an apetizer. Fresh pineapple and strawberries combine well and are seasonable for this time of the year. Roast leg of lamb may replace the breast, if you wish. It does slice so nicely. Apricot flip is easily made and a light enough dessert to be a nice finisher for a hearty meal.

Pineapple-Strawberry Fruit Cup
Stuffed Breast of Lamb
Parsley New Potatoes
Green Peas
Mint Sherbet
Spring Onions and Watercress
Apricot Flip Lady Fingers
Coffee

Today's Recipes

Apricot Flip — To, one-half pint whipped cream add two spoons pulverized sugar, four crushed macaroons and two crushed graham crackers and one cup of mashed stewed apricots. Place four halves of lady fingers in glasses and put flip in center. This makes eight medium servings. The addition of six unsalted powdered soda crackers increases bulk and makes a less sweet dessert.

Suggestions Acquisitions to the Kitchen

Bird cage covers of fancy chintz that look like lamp shades are for sale in the shops. They are to put over the cage when sleepy time comes to birdland. The edges of some are bound with contrasting color and some are scalloped. You can also buy covers cut in squares to throw over the cage.

A new cake shell pan has a rim about two inches deep and more than an inch wide, with a hollow center for fruit, jelly or cream filling.

Refrigerator coverings made of squares of oilcloth are for sale ready to use. The edges, plain or scalloped, are generally bound with a contrasting color.

MENU HINT

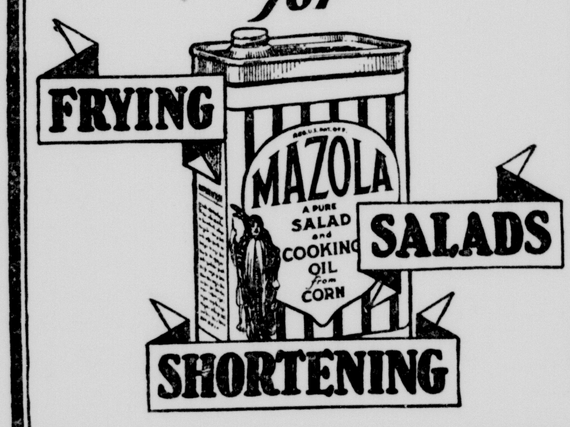

Pilaff always has a foundation of rice, but you may vary the dish to suit yourself. It is a fine way of finishing up leftovers. Strawberry tarts may be made in individual sizes or in one large tin. Sometimes a custard foundation is used with the strawberries on top, sometimes the fruit is put in the crust raw and then baked, sometimes the fresh fruit is put in after the crust is baked and served with whipped cream.

Pilaff
Dandelion Greens
Lettuce and Green Onions
Strawberry Tarts Coffee or Tea

Today's Recipes.

Pilaff—Boil a cup of rice in two quarts of rapidly boiling, salted water for 30 minutes. Chop two onions and a green pepper coarsely, saute in two tablespoonsful of butter for five minutes. Add two cups of stewed tomatoes, salt and pepper to taste, and cook down until quite thick. A bouillon cube will add to the flavor, and a dash of chili powder is quite delicious. Serve over the boiled rice. A little grated cheese may be served with it.

Graduation Plans At New Wilmington

Baccalaureate Service To Take Place On Next Sunday Evening

(Special To The News)

NEW WILMINGTON, May 22—Preliminary plans for the commencement exercises of the local high school were announced today by Miss Mae McKelvy, assistant principal. The events on the commencement calendar include the baccalaureate service, the class day activity and the formal graduation night exercises.

The baccalaureate service will be held in the local United Presbyterian church next Sabbath evening, with Dr. Charles Wallace, president of Westminster College, delivering the sermon to the high school seniors.

On the following Thursday the graduating class will have the regular class day exercises, which will be the last social and informal event held by the undergraduates. Although complete plans for this affair have not been arranged, a committee composed of Patsy Jones, Pauline McCoy, Bill May, Margaret Weber, Darwin Hartwell, Sarah Dinsmore, Russell Sewall, Leola McConnell and Willis McGill has been appointed to take care of the decorations for the Senior class.

The regular formal graduation exercises will be held Friday evening, June 1, in the United Presbyterian church. The full program for that evening has not been completed, but it is certain that Professor J. A. Shott, president of the school board, will hand the diplomas to the graduates.

Despite the fact that he was in a serious accident last Saturday evening, Jack Hulme, scoutmaster of the New Wilmington troop of Boy Scouts, will direct the Scouts in their regular weekly meeting this evening. Jack received only a few minor cuts in the accident, which almost totally demolished his car.

Dr. and Mrs. E. B. Russell spent the week-end in New Castle, where they visited at the home of Mrs. Foulke, Mrs. Russell's mother. Little Beecher Russell and Miss Mary Thorpe accompanied Dr. and Mrs. Russell.

Mrs. Rankin Johnson of New Wilmington journeyed to Indiana last week, where her mother is seriously ill.

Major Seymour Scout Executive At Meetings Here

With Major R. F. Seymour, scout executive of the third region, as the principal speaker, a meeting of the executive board of the Larence county council, Boy Scouts of America, will take place at 6 o'clock this evening at The Castleton, announces J. Lee Calahan, scout executive for Lawrence county.

Wednesday evening Major Seymour will meet with the 65 campers of the Lawrence County Scoutleaders club at a camp fire meeting which will be held at New Wilmington. While Major Seymour is in the city, plans for the annual camporee, to be held at Camp Phillips in June will be completed, states Mr. Calahan.
